**NOTICE CONVENING MEETING OF THE EQUITY SHAREHOLDERS
OF
LYKA LABS LIMITED**

*(Being convened pursuant to the order dated 23rd day of January, 2025 passed by the Hon'ble
National Company Law Tribunal, Bench at Ahmedabad)*

To,

The Equity Shareholder(s) of Lyka Labs Limited

("Transferee Company" or "Applicant Company No. 2")

NOTICE is hereby given that the Hon'ble National Company Law Tribunal, Ahmedabad Bench, (the "NCLT"), by an order dated January 23, 2025, (the "NCLT Order"), has directed convening of a meeting of the equity shareholders of Lyka Labs Limited (the "Company" / "Transferee Company") for the purpose of considering, and if thought fit, approving the

Scheme of Amalgamation between Lyka Exports Limited (the “**Transferor Company**”) and the Transferee Company and their respective shareholders and creditors (hereinafter referred to as the “**Scheme**”) pursuant to Sections 230 to 232 of the Companies Act, 2013 (the “**Act**”) read with the Companies (Compromises, Arrangements and Amalgamation) Rules, 2016 (the “**CAA Rules**”) and other applicable provisions of the Act and the CAA Rules.

In pursuance of the said NCLT Order and as directed therein, further notice is hereby given that a meeting of equity shareholders of the Transferee Company will be held on March 4, 2025 at 11:00 AM (IST) through video conferencing (“**VC**”) or Other Audio Visual Means (“**OAVM**”) (hereinafter referred to as the “**Meeting**”), and the equity shareholders are hereby requested to attend the Meeting to transact the following business:

To consider and if thought fit, approve with or without modification(s), to pass, the following resolution for approval of the Scheme by requisite majority:

“**RESOLVED THAT** pursuant to the provisions of Sections 230 to 232 and other applicable provisions, if any, of the Companies Act, 2013 (the “**Act**”) read with Companies (Compromises, Arrangements and Amalgamations) Rules, 2016, the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, (the “**SEBI Listing Regulations**”), SEBI Master Circular No. SEBI/HO/CFD/POD-2/P/CIR/2023/93 dated June 20, 2023 (the “**SEBI Master Circular**”) as amended from time to time, the Memorandum and Articles of Association of the Company, any other applicable provisions of any other law for the time being in force, the approval / no adverse remark in the Observation Letters issued by BSE Limited and National Stock Exchange of India Limited, both letters dated August 02, 2023, and subject to approval of National Company Law Tribunal, Ahmedabad Bench, (the “**NCLT**”), and subject to such conditions and modifications as may be prescribed or imposed by the NCLT or by any regulatory or other authorities, which may be agreed to by the Board of Directors of the Company (hereinafter referred to as the “**Board**”, which term shall be deemed to mean and include one or more committee(s) constituted/to be constituted by the Board or any person(s) which the Board may nominate to exercise its powers including the powers conferred by this resolution), and subject to such approvals, consents, permissions and sanctions, as may be applicable and required, the Scheme of Amalgamation (the “**Scheme**”) providing for amalgamation of Lyka Exports Limited (the “**Transferor Company**”) into and with Lyka Labs Limited (the “**Company**” or “**Transferee Company**”), draft of which was circulated along with the Notice, be and is hereby approved;

RESOLVED FURTHER THAT the Board be and is hereby authorized to do all such acts, deeds, matters and things, as it may, in its absolute discretion, deem requisite, desirable, appropriate or necessary to give effect to the above resolution and effectively implement the Scheme and to take decision regarding accepting such modifications, amendments, limitations and/or conditions, if any, which may be required and/ or imposed by the NCLT while approving the Scheme or by any regulatory or other authorities; to do all acts as may be required for the purpose of resolving any questions or doubts or difficulties that may arise or meaning or interpretation of the Scheme or implementation thereof or in any matter whatsoever connected therewith, including passing of such accounting entries and/or making such adjustments in the books of accounts as may be considered necessary or any matter(s) as may be considered ancillary and/or incidental in giving effect to the Scheme.”

The NCLT has appointed Mr. Dhruval Y Bhatt to be the Chairperson for the Meeting and Mr. Kaushal Doshi to be the Scrutinizer for the Meeting.

The Scheme shall be considered as approved by the equity shareholders of Transferee Company if the resolution mentioned in the Notice has been approved by majority of persons representing three-fourth in value of the equity shareholders by remote e-voting and by e-voting, taken together, in terms of the provisions of Sections 230 - 232 of the Act. Further, the Scheme once approved by the equity shareholders as aforesaid, will be subject to the subsequent approval of the NCLT.

Further, in terms of SEBI Master Circular No. SEBI/HO/CFD/POD-2/P/CIR/2023/93 dated June 20, 2023 (which rescinded the erstwhile SEBI Master Circular No. SEBI/HO/CFD/DIL1/CIR/P/2021/665 dated November 23, 2021) (the "**SEBI Master Circular**"), the Scheme shall be acted upon only if the number of votes cast by the Public Shareholders (through remote e-voting and e-voting) in favour of the aforesaid resolution for approval of the Scheme is more than the number of votes cast by the Public Shareholders against it.

A copy each of the Notice including Scheme and other relevant documents under Section 230 of the Act can be obtained free of charge from the Registered Office of the Transferee Company at 4801/B & 4802/A G.I.D.C Industrial Estate, Ankleshwar, Gujarat-393 002 or can be downloaded from the Company's website under the link www.lykalabs.com.

The Scrutinizer will, immediately after the conclusion of e-voting at the Meeting, first count the votes cast at the Meeting, thereafter unblock votes cast through remote e-voting in presence of two witnesses not in employment of the Company, a Scrutinizer's Report (of total votes cast in favour or against, invalid votes, if any) and submit the said report to the Chairperson of the Meeting. The Scrutinizer will also submit a separate report with regard to the result of the remote e-voting and e-voting in respect of the Public Shareholders. The Scrutinizer's decision on the validity of the votes cast shall be final.

The result of e-voting along with the Scrutinizer's Report, will be displayed on the website of the Transferee Company at www.lykalabs.com; websites of the BSE at www.bseindia.com and the NSE at www.nseindia.com; and on the website of e-voting agency, National Securities Depository Limited (the "NSDL") at www.evoting.nsdl.com. The result shall be reported to the NCLT by the Chairperson within 3 (Three) days of conclusion of Meeting, as per Rule 14 of the CAA Rules and as directed in the NCLT Order.

The copy of the Scheme along with the statement under Sections 230, 232 read with Section 102 and other applicable provisions of the Act read with Rule 6 of the CAA Rules, and the documents as stated in the index (collectively referred as "**Annexures**") are enclosed herewith. In terms of the NCLT Order, the Notice of this Meeting together with Annexures is being sent via email to those equity shareholders of the Transferee Company whose names appear in the register of members/list of beneficial owners as on January, 24, 2025, and whose e-mail addresses are registered with the Transferee Company/ the relevant Depository (ies) as on the said date. NOTES:

1. In accordance with the NCLT Order and pursuant to the General Circular No. 14/2020 dated April 8, 2020, General Circular No. 17/2020 dated April 13, 2020, General Circular No. 22/2020 dated June 15, 2020, General Circular No. 33/2020 dated September 28, 2020, General Circular No. 39/2020 dated December 31, 2020, General Circular No. 10/2021 dated June 23, 2021, General Circular No. 3/2022 dated May 05, 2022, General Circular No. 11/2022 dated December 28, 2022 and General Circular No. 09/2023 dated September 25, 2023 issued by the Ministry of Corporate Affairs, Government of India (collectively referred to as the '**MCA Circulars**'), the Transferee Company is allowed to hold the Meeting through VC / OAVM, without the physical presence of members at a common venue. Hence, in compliance with the directions contained in the NCLT Order, applicable provisions of the Act and the CAA Rules made thereunder, read with the MCA Circulars, the Meeting is being held through VC / OAVM. The deemed venue for the Meeting shall be the Registered Office of the Transferee Company.
2. Considering that the Meeting is being held through VC / OAVM as per the NCLT Order, and in compliance with the MCA Circulars, without the requirement of physical presence of the equity shareholders, the facility of appointment of proxies by equity shareholders under Section 105 of the Act will not be available for the said Meeting and hence, the Route Map, Proxy Form and Attendance Slip are not annexed to this Notice.
3. The Members can join the Meeting in the VC/OAVM mode between 15 minutes before and 15 minutes after the scheduled time of the commencement of the Meeting by following the procedure mentioned in the Notice. The facility of participation at the Meeting through VC/OAVM will be made available for 1,000 members on first come first served basis. This will not include large shareholders (shareholders holding 2% or more shareholding), Promoters, Institutional Investors, Directors, Key Managerial Personnel, the Chairpersons of the Audit Committee, and the Stakeholders Relationship Committee, Auditors, etc. who are allowed to attend the Meeting without restriction of first come first served basis. Institutional Investors, who are Members of the Company, are encouraged to attend and vote at the Meeting.
4. Participation of the Members through VC / OAVM will be reckoned for the purpose of requisite quorum for the Meeting, as per the NCLT Order read with Section 103 of the Act. Further, in terms of the NCLT Order, the quorum for the Meeting shall be 30 equity shareholders and in case the required quorum of 30 equity shareholders for the Meeting is not present at the commencement of the Meeting, the Meeting shall be adjourned by 30 minutes, and, thereafter, the persons present, and voting shall be deemed to constitute the quorum. The Scrutinizer is also duty bound to record all proceedings of the Meeting conducted through VC.
5. Pursuant to the provisions of Section 108 of the Act, read with Rule 20 of the Companies (Management and Administration) Rules, 2014 (as amended), Regulation 44 of SEBI Listing Regulations, and the MCA Circulars; the Company is providing facility of remote e-Voting to its Members in respect of the business to be transacted at the Meeting. For this purpose, the Company has entered into an agreement with the NSDL for facilitating voting through electronic means, as the authorized agency. The facility of casting votes by a member using remote e-Voting system as well as venue e-Voting on the date of the Meeting will be provided by NSDL.

6. In accordance with the MCA Circulars and the SEBI Circulars, Notice of the Meeting is being sent only through electronic mode to those Members whose email addresses are registered with the Company or Depositories. Members may note that the Notice of this Meeting will also be available on the Company's website www.lykalabs.com, website of the BSE at www.bseindia.com, website of the NSE at www.nseindia.com and on the website of the NSDL at www.evoting.nsdl.com. Further, the Members are requested to support "Green Initiative" by registering / updating their e-mail address (es) with the Depository Participant(s) (in case of Shares held in dematerialized form) or with RTA (in case of Shares held in physical form). Members holding shares in dematerialized form are requested to register (or update, in case of any change) their e-mail address with their Depository Participant(s), if not already registered / updated and Members holding shares in physical form are requested to register (or update, in case of any change) their e-mail address with RTA by sending email at rnt.helpdesk@linkintime.co.in, to enable the Company to send electronic communications.
7. Institutional/ Corporate Shareholders (i.e. other than individuals/HUF, NRI, etc.) are required to send a scanned copy (PDF/ JPG Format) of its Board or governing body Resolution/ Authorization etc., authorizing its representative to attend the Meeting through VC/ OAVM and vote on its behalf. The said Resolution/ Authorization shall also be sent to Company at companysecretary@lykalabs.com.
8. The NCLT through order dated January 23, 2025 has appointed Mr. Kaushal Doshi, Practicing Company Secretary as a scrutinizer (the 'Scrutinizer') to scrutinize the voting and e-Voting process in a fair and transparent manner.

The Scrutinizer will immediately after the conclusion of e-Voting at the Meeting, first count the votes cast at the Meeting, thereafter unblock votes cast through remote e-Voting in presence of two witnesses not in employment of the Company, a Scrutinizer's Report (of total votes cast in favour or against, invalid votes, if any) and submit the said report to the Chairperson of the Meeting. The Scrutinizer will also submit a separate report with regard to the result of the remote e-Voting and e-Voting during the Meeting in respect of the Public Shareholders. The Scrutinizer's decision on the validity of the votes cast shall be final.

The result of voting declared along with Scrutinizer's report will be available on the website of the Company at www.lykalabs.com and on the NSDL website at www.evoting.nsdl.com within 48 working hours from the conclusion of Meeting and the same shall also be simultaneously communicated to the BSE and the NSE.

9. The Members who would like to express their views/ask questions during the meeting may register themselves as a speaker by sending their request in advance at least 10 days prior to meeting mentioning their name, demat account number/folio number, email id, mobile number at companysecretary@lykalabs.com. The Members who do not wish to speak during the Meeting but have queries may send their queries in advance 10 days prior to meeting mentioning their name, demat account number/folio number, email id, mobile number at companysecretary@lykalabs.com. These queries will be replied by the Company suitably by email.

10. In case of joint holders attending the Meeting, only such joint holder who is first in the order of names will be entitled to vote at the Meeting, provided the votes are not already casted by remote e-Voting.
11. An Explanatory Statement to be annexed to the Notice in pursuance of Section 102 of the Act and the Rules made thereunder, setting out the material facts in respect of the businesses set out in the Notice, is annexed hereto and forms part of this Notice.
12. The Notice of Meeting will be published through advertisement in newspapers of "Financial Express" in English language and in "Janadesh" in Gujarati language.

INSTRUCTIONS TO THE MEMBERS FOR REMOTE E-VOTING ARE AS UNDER:

The equity shareholders shall have the facility and option of voting on the resolution for approval of the Scheme by casting their votes (a) through e-Voting system available at the Meeting to be held through VC / OAVM or (b) by remote e-Voting during the period as stated below:

4.3 Transfer of Assets:

4.3.1 Without prejudice to the generality of Clause 4.1 above, upon the coming into effect of this Scheme and with effect from the Appointed Date:

4.3.1.1 All the assets and properties comprised in the Undertaking of whatsoever nature and wheresoever situated, shall, under the provisions of Sections 230 to 232 and all other applicable provisions, if any, of the Act, without any further act or deed, be and stand transferred to and vested in the Transferee Company or be deemed to be transferred to and vested in the Transferee Company as a going concern so as to become the assets and properties of the Transferee Company.

4.3.1.2 Without prejudice to the provisions of Clause 4.3.1.1 above, in respect of such of the assets and properties of the Undertaking as are movable in nature or incorporeal property or are otherwise capable of transfer by manual delivery or by endorsement and/or delivery, the same shall be so transferred by the Transferor Company and shall, upon such transfer, become the assets and properties of the Transferee Company as an integral part of the Undertaking, without requiring any separate deed or instrument or conveyance for the same.

4.3.1.3 In respect of movables other than those dealt with in Clause 4.3.1.2 above including sundry debts, receivables, bills, credits, loans and advances of the Undertaking, if any, whether recoverable in cash or in kind or for value to be received, bank balances, investments, earnest money and deposits with any Governmental Authority or with any company or other person, the same shall on and from the Appointed Date stand transferred to and vested in the Transferee Company.

4.3.1.4 All interests of the Transferor Company in their respective subsidiaries as on the Appointed Date will become the interests and subsidiaries of the Transferee Company.

4.3.1.5 All the licenses, permits, quotas, approvals, permissions, registrations, incentives, tax deferrals and benefits, subsidies, concessions, grants, rights, claims, leases, tenancy rights, liberties, special status and other benefits or privileges enjoyed or conferred upon or held or availed of by the Transferor Company and all rights and benefits that have accrued or which may accrue to the Transferor Company, whether before or after the Appointed Date, shall, under the provisions of Sections 230 to 232 and all other applicable provisions, if any, of the Act, without any further act, instrument or deed, cost or charge be and stand transferred to and vest in or be deemed to be transferred to and vested in and be available to the Transferee Company so as to become as and from the Appointed Date licenses, permits, quotas, approvals, permissions, registrations, incentives, tax deferrals and benefits, subsidies, concessions, grants, rights, claims, leases, tenancy rights,

liberties, special status and other benefits or privileges of the Transferee Company and shall remain valid, effective and enforceable on the same terms and conditions.

- 4.3.2 The Transferor Company shall, if so required, also give notice in such form as it may deem fit and proper to the debtors, that pursuant to the sanction of this Scheme by NCLT, Ahmedabad Bench under and in accordance with Sections 230 to 232 and all other applicable provisions, if any, of the Act, the said debtors should pay to the Transferee Company the debt, loan or advance or make the same on account of the Transferor Company and the right of the Transferor Company to recover or realize the same stands extinguished.
- 4.3.3 All assets and properties of the Transferor Company as on the Appointed Date, whether or not included in the books of the respective Transferor Company, and all assets and properties which are acquired by the Transferor Company on or after the Appointed Date but prior to the Effective Date, shall be deemed to be and shall become the assets and properties of the Transferee Company, and shall under the provisions of Sections 230 to 232 and all other applicable provisions, if any, of the Act, without any further act, instrument or deed, be and stand transferred to and vested in and be deemed to have been transferred to and vested in the Transferee Company upon the coming into effect of this Scheme. Provided however that no onerous assets shall have been acquired by the Transferor Company after the Appointed Date without the consent of the Transferee Company as provided for in this Scheme.

4.4 Transfer of Liabilities:

- 4.4.1 Upon the coming into effect of this Scheme and with effect from the Appointed Date all liabilities relating to and comprised in the Undertaking including all secured and unsecured debts (whether in Indian rupees or foreign currency), sundry creditors, liabilities (including contingent liabilities), duties and obligations and undertakings of the Transferor Company of every kind, nature and description whatsoever and howsoever arising, raised or incurred or utilised for its business activities and operations (herein referred to as the "Liabilities"), shall, pursuant to the sanction of this Scheme by the NCLT under and in accordance with the provisions of Sections 230 to 232 and other applicable provisions, if any, of the Act, without any further act, instrument, deed, matter or thing, be transferred to and vested in or be deemed to have been transferred to and vested in the Transferee Company, along with any charge, encumbrance, lien or security thereon, and the same shall be assumed by the Transferee Company to the extent they are outstanding as on the Effective Date so as to become as and from the Appointed Date the liabilities of the Transferee Company on the same terms and conditions as were applicable to the Transferor Company, and the Transferee Company shall meet, discharge and satisfy the same and further it shall not be necessary to obtain the consent of any third party or other person who is a party to any contract or arrangement by virtue of which such Liabilities have arisen in order to give effect to the provisions of this Clause.

- 4.4.2 All debts, liabilities, duties and obligations of the Undertaking as on the Appointed Date, whether or not provided in the books of the respective Transferor Company, and all debts and loans raised, and duties, liabilities and obligations incurred or which arise or accrue to the Undertaking on or after the Appointed Date till the Effective Date, shall be deemed to be and shall become the debts, loans raised, duties, liabilities and obligations incurred by the Transferee Company by virtue of this Scheme.

SK

4.4.3 Where any such debts, loans raised, liabilities, duties and obligations of the Undertaking as on the Appointed Date have been discharged or satisfied by the Transferor Company after the Appointed Date and prior to the Effective Date, such discharge or satisfaction shall be deemed to be for and on account of the Transferee Company.

4.4.4 Loans, advances and other obligations (including any guarantees, letters of credit, letters of comfort or any other instrument or arrangement which may give rise to a contingent liability in whatever form), if any, due or which may at any time in future become due between the Undertaking and the Transferee Company shall, *ipso facto*, stand discharged and come to an end and there shall be no liability in that behalf on any party and appropriate effect shall be given in the books of accounts and records of the Transferee Company.

4.5 Encumbrances

4.5.1 The transfer and vesting of the assets comprised in the Undertaking to and in the Transferee Company under Clauses 4.1 to 4.3 of this Scheme shall be subject to the mortgages and charges, if any, affecting the same, as and to the extent hereinafter provided.

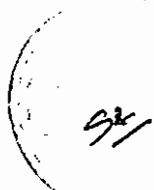

4.5.2 All the existing securities, mortgages, charges, encumbrances or liens (the "Encumbrances"), if any, as on the Appointed Date and created by the Transferor Company after the Appointed Date, over the assets comprised in the Undertaking or any part thereof transferred to the Transferee Company by virtue of this Scheme and in so far as such Encumbrances secure or relate to liabilities of the Transferor Company, the same shall, after the Effective Date, continue to relate and attach to such assets or any part thereof to which they are related or attached prior to the Effective Date and as are transferred to the Transferee Company, and such Encumbrances shall not relate or attach to any of the other assets of the Transferee Company, provided however that no Encumbrances shall have been created by the Transferor Company over its assets after the Appointed Date without the consent of the Transferee Company as provided for in this Scheme.

4.5.3 The existing Encumbrances over the assets and properties of the Transferee Company or any part thereof which relate to the liabilities and obligations of the Transferee Company prior to the Effective Date shall continue to relate only to such assets and properties and shall not extend or attach to any of the assets and properties of the Undertaking transferred to and vested in the Transferee Company by virtue of this Scheme.

4.5.4 Any reference in any security documents or arrangements (to which the Transferor Company are a party) to the Transferor Company and its assets and properties, shall be construed as a reference to the Transferee Company and the assets and properties of the Transferor Company transferred to the Transferee Company by virtue of this Scheme. Without prejudice to the foregoing provisions, the Transferor Company and the Transferee Company may execute any instruments or documents or do all the acts and deeds as may be considered appropriate, including the filing of necessary particulars and/or modification(s) of charge(s), with the Registrar of Company to give formal effect to the above provisions, if required.

4.5.5 Upon the coming into effect of this Scheme, the Transferee Company alone shall be liable to perform all obligations in respect of the Liabilities, which have been transferred to it in terms of the Scheme.

4.5.6 It is expressly provided that, no other term or condition of the Liabilities

transferred to the Transferee Company is modified by virtue of this Scheme except to the extent that such amendment is required statutorily or by necessary implication.

- 4.5.7 The provisions of this Clause 4.5 shall operate in accordance with the terms of the Scheme, notwithstanding anything to the contrary contained in any instrument, deed or writing or the terms of sanction or issue or any security document; all of which instruments, deeds or writings shall be deemed to stand modified and/or superseded by the foregoing provisions.

4.6 Inter - se Transactions:

Without prejudice to the provisions of Clauses 4.1 to 4.5, with effect from the Appointed Date, all inter-party transactions between the Transferor Company and the Transferee Company shall be considered as intra-party transactions for all purposes.

5. CONTRACTS, DEEDS, ETC.

- 5.1 Upon the coming into effect of this Scheme and subject to the provisions of this Scheme, all contracts, deeds, bonds, agreements, schemes, arrangements, assurances and other instruments of whatsoever nature to which the Transferor Company are a party or to the benefit of which the Transferor Company may be eligible, and which are subsisting or have effect immediately before the Effective Date, shall continue in full force and effect by, for or against or in favour of, as the case may be, the Transferee Company and may be enforced as fully and effectually as if, instead of the Transferor Company the Transferee Company had been a party or beneficiary or obligee or obligor thereto or thereunder.

- 5.2 Without prejudice to the other provisions of this Scheme and notwithstanding the fact that vesting of the Undertaking occurs by virtue of this Scheme itself, the Transferee Company may, at any time after the coming into effect of this Scheme in accordance with the provisions hereof, if so required under any law or otherwise, take such actions and execute such deeds (including deeds of adherence), confirmations or other writings or arrangements with any party to any contract or arrangement to which the Transferor Company are a party or any writings as may be necessary in order to give formal effect to the provisions of this Scheme. The Transferee Company shall, under the provisions of this Scheme, be deemed to be authorised to execute any such writings on behalf of the Transferor Company and to carry out or perform all such formalities or compliances referred to above on the part of the Transferor Company.

- 5.3 For the avoidance of doubt and without prejudice to the generality of the foregoing, it is clarified that upon the coming into effect of this Scheme, all consents, permissions, licenses, certificates, clearances, authorities, powers of attorney given by, issued to or executed in favour of the Transferor Company shall without any further act or deed, stand transferred to the Transferee Company, as if the same were originally given by, issued to or executed in favour of the Transferee Company, and the Transferee Company shall be bound by the terms thereof, the obligations and duties thereunder, and the rights and benefits under the same shall be available to the Transferee Company. The Transferee Company shall receive relevant approvals from the concerned Governmental Authorities as may be necessary in this behalf.

6. LEGAL PROCEEDINGS

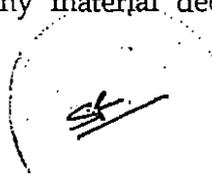

- 6.1 On and from the Appointed Date, all suits, actions, claims and legal proceedings by or against the Transferor Company pending and/or arising on or before the Effective Date shall be continued and / or enforced as desired by the Transferee Company and on and from the Effective Date, shall be continued and / or enforced by or against the Transferee Company as effectually and in the same manner and to the same extent as if the same had been originally instituted

SE

and/or pending and/or arising by or against the Transferee Company. On and from the Effective Date, the Transferee Company shall have the right to initiate, defend, compromise or otherwise deal with any legal proceedings relating to the Undertaking, in the same manner and to the same extent as would or might have been initiated by the Transferor Company as the case may be, had the Scheme not be made; If any suit, appeal or other proceedings relating to the Undertaking, of whatever nature by or against the Transferor Company be pending, the same shall not abate or be discontinued or in any way be prejudicially affected by reason of the amalgamation of the Undertaking or by anything contained in this Scheme but the proceedings may be continued, prosecuted and enforced by or against the Transferee Company in the same manner and to the same extent as it would or might have been continued, prosecuted and enforced by or against the Transferor Company as if this Scheme had not been made.

7. CONDUCT OF BUSINESS

- 10.5 The ratio in which equity shares of the Transferee Company are to be issued and allotted to the equity shareholders of the Transferor Company (except the Shares held by Transferee) are herein referred to as the "Share Exchange Ratio". In the event that the Transferee Company restructures its equity share capital by way of share split/consolidation/issue of bonus shares during the pendency of the Scheme, the Share Exchange Ratio shall be adjusted accordingly to take into account the effect of such corporate actions.
- 10.6 The equity shares of the Transferee Company are listed and admitted to trading on the Stock Exchanges. The Transferee Company shall enter into such arrangements and give such confirmations and/or undertakings as may be necessary in accordance with applicable laws and regulations for complying with the formalities of the Stock Exchanges with respect to the issue of ordinary (equity) shares under this Scheme. On such formalities being fulfilled, the Stock Exchanges shall list and/or admit such equity shares issued pursuant to this Scheme, for the purpose of trading. The ordinary (equity) shares allotted pursuant to Clause 10.1.2 shall remain frozen in the depositories system till listing /trading permission is given by the Stock Exchanges and shall be subject to such lock-in as may be prescribed by the Stock Exchanges and/or other Governmental Authorities.
- 10.7 Subject to Applicable Laws, the new equity shares that are to be issued in terms of this Scheme shall be issued in dematerialised form. The register of members maintained by the Transferee Company and/ or, other relevant records, whether in physical or electronic form, maintained by the Transferee Company, the relevant depository and registrar and transfer agent in terms of Applicable Laws shall (as deemed necessary by the Board of the Transferee Company) be updated to reflect the issue of the new equity shares in terms of this Scheme. The shareholders of the Transferor Company who hold equity shares in physical form should provide the requisite details relating to his/her/its account with a depository participant or other confirmations as may be required, to the Transferee Company, prior to the Record Date to enable it to issue the new equity shares.
- 10.8 However, if no such details have been provided to the Transferee Company by the equity shareholders holding equity shares of the Transferor Company in physical form on or before the Record Date, the Transferee Company shall deal with the

54

relevant equity shares in such manner as may be permissible under the Applicable Law, including by way of issuing the corresponding equity shares in dematerialised form to the Trustee who shall hold these equity shares in trust for the benefit of such shareholder. The equity shares of the Transferee Company held by the Trustee of Transferee Company for the benefit of the shareholder shall be transferred to the respective shareholder once such shareholder provides details of his/her/its demat account to the Trustee of Transferee Company, along with such other documents as may be required by the Trustee of Transferee Company. The respective shareholders shall have all the rights of the shareholders of the Transferee Company, including the right to receive dividend, voting rights and other corporate benefits, pending the transfer of equity shares from the Trustee of Transferee Company.

- 10.9 The new equity shares to be issued by the Transferee Company pursuant to Clause 10.2 of Part III above in respect of such equity shares of the Transferor Company, the allotment or transfer of which is held in abeyance under Applicable Law shall, pending allotment or settlement of dispute by order of the appropriate court or otherwise, also be kept in abeyance in like manner by the Transferee Company.

5. Rationale for the proposed Scheme is as under:

The Transferee Company is holding stake directly in the Transferor Company and as the Transferor Company and Transferee Company's business activities are similar and complement each other, and to achieve inter-alia economies of scale and efficiency, the amalgamation of the Transferor Company is being undertaken. The amalgamation of the Transferor Company with the Transferee Company would inter alia have the following benefits:

- (a) Greater integration and greater financial strength and flexibility for the amalgamated entity, which would result in maximising overall shareholder value, and will improve the competitive position of the combined entity.
- (b) Greater efficiency in cash management of the amalgamated entity, and unfettered access to cash flow generated by the combined business which can be deployed more efficiently to fund organic and inorganic growth opportunities, to maximize shareholder value.
- (c) Improved organizational capability and leadership, arising from the pooling of human capital who have the diverse skills, talent and vast experience to compete successfully in an increasingly competitive industry.
- (d) Greater access by the amalgamated company to different market segments in the conduct of its business.
- (e) Cost savings are expected to flow from more focused operational efforts, rationalization, standardisation and simplification of business processes, and the elimination of duplication, and rationalization of administrative expenses.
- (f) Achieving economies of scale.

In view of the aforesaid, the Board of Directors of the Transferor Company and the Transferee Company have considered and proposed the amalgamation of the entire undertaking and business of the Transferor Company with the Transferee Company in order to benefit the stakeholders of both the companies. Accordingly, the Board of Directors of the Transferor Company and the Transferee Company have formulated this Scheme of Amalgamation for the transfer and vesting of the entire undertaking and business of the Transferor Company with and into the Transferee Company pursuant to the provisions of Section 230 to Section 232 and other relevant provisions of the Act.

2/3...

6. Consideration / Share Exchange Ratio:

In respect of share exchange ratio, the Committee of Independent Directors noted, deliberated and confirmed that after considering and adopting the Addendum to Valuation Report, there is no change or impact on the fair equity share entitlement ratio as recommended in the Addendum to Valuation Report and it is fair to the shareholders. Upon scheme becoming effective, shares would be issued as under:

For every 100 Equity shares of Transferor Company, 23 Equity shares of Transferee Company will be issued.

7. Upon the Scheme becoming effective, the equity shares issued by the Transferee Company to the shareholders of the Transferor Company shall be listed on BSE and NSE (subject to trading permission granted by the stock exchanges).

8. The Scheme would be subject to the sanction and approval of the National Company Law Tribunal, the SEBI, BSE, NSE, Shareholders and other appropriate authorities.

9. Recommendation of the Committee:

Based on the foregoing this Committee is of the informed opinion that the proposed Scheme is not detrimental to the interests of the shareholders of the Company or the Company itself. In light of the foregoing, the Committee of Independent Directors, after due deliberations and due consideration of Addendum to Valuation Report on recommendation of fair equity share entitlement ratio recommends the Draft Scheme for favourable consideration by the Board of Directors of the Company, the BSE, NSE and the SEBI.

II. Synergies of Business of the Companies involved in the Scheme:

The background and information of the Transferor Company and the Transferee Company is, *inter-alia*, as under:

- a) The Transferee Company is engaged in the business of manufacturing and marketing of pharmaceutical products.
- b) The Transferor Company is in the field of marketing and distribution of Generic Pharmaceutical Formulations pan India & across various segments.
- c) Both the companies are majorly into same line of business. Upon amalgamation, the benefits and synergies as mentioned in Para 2 (I) above shall be derived.

III. Impact of the Scheme on the Shareholders of the Company:

- a) In consideration for the amalgamation of the Transferor Company with the Transferee Company, the shareholders of the Transferor Company as on the Record Date (as defined in the Scheme) shall receive equity shares of the Transferee Company.
- b) After considering and adopting the Addendum to Valuation Report, the share entitlement ratio determined by the Registered Valuers is fair to the shareholders of the Company.
- c) Further, there will be no change in the economic interest of the shareholders of the Company, before and after Scheme.
- d) After the effectiveness of the Scheme and subject to receipt of regulatory and other approvals, the equity shares of the Transferee Company issued as consideration pursuant to the Scheme, shall be listed on BSE and the NSE.

IV. Cost Benefit Analysis of the Scheme:

Although the Scheme would lead to incurring of some costs towards its implementation, however, the benefits of the Scheme over a longer period would far outweigh such costs for the stakeholders of the Company.

3. Consideration / Share Exchange Ratio:

In respect of share exchange ratio, the Audit Committee noted, deliberated and confirmed that after considering and adopting the Addendum to Valuation Report, there is no change or impact on the fair equity share entitlement ratio as recommended in the Addendum to Valuation Report and it is fair to the shareholders. Upon scheme becoming effective, shares would be issued as under:

For every 100 Equity shares of Transferor Company, 23 Equity shares of Transferee Company will be issued.

Rationale of the Scheme:

The Transferee Company is holding stake directly in the Transferor Company and as the Transferor Company and Transferee Company's business activities are similar and complement each other, and to achieve inter-alia economies of scale and efficiency, the amalgamation of the Transferor Company is being undertaken. The amalgamation of the Transferor Company with the Transferee Company would inter alia have the following benefits:

- (a) Greater integration and greater financial strength and flexibility for the amalgamated entity, which would result in maximising overall shareholder value, and will improve the competitive position of the combined entity.
- (b) Greater efficiency in cash management of the amalgamated entity, and unfettered access to cash flow generated by the combined business which can be deployed more efficiently to fund organic and inorganic growth opportunities, to maximize shareholder value.
- (c) Improved organizational capability and leadership, arising from the pooling of human capital who have the diverse skills, talent and vast experience to compete successfully in an increasingly competitive industry.
- (d) Greater access by the amalgamated company to different market segments in the conduct of its business.
- (e) Cost savings are expected to flow from more focused operational efforts, rationalization, standardisation and simplification of business processes, and the elimination of duplication, and rationalization of administrative expenses.
- (f) Achieving economies of scale.

In view of the aforesaid, the Board of Directors of the Transferor Company and the Transferee Company have considered and proposed the amalgamation of the entire undertaking and business of the Transferor Company with the Transferee Company in order to benefit the stakeholders of both the companies. Accordingly, the Board of Directors of the Transferor Company and the Transferee Company have formulated this Scheme of Amalgamation for the transfer and vesting of the entire undertaking and business of the Transferor Company with and into the Transferee Company pursuant to the provisions of Section 230 to Section 232 and other relevant provisions of the Act.

Re: Recommendation of Share Exchange Ratio for the purpose of proposed merger of Lyka Exports Limited with Lyka Labs Limited.

Dear Sir(s)/Madam(s),

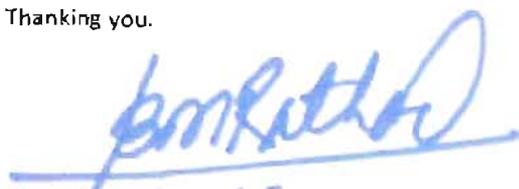

As per our discussions with the Management of Lyka Labs Limited and Lyka Exports Limited (hereinafter collectively referred to as the "Management"), we have carried out the fair valuation of equity shares of Lyka Labs Limited (hereinafter referred to as "the Transferee Company" or "LLL") and Lyka Exports Limited (hereinafter referred to as "the Transferor Company" or "LEL") to recommend the share exchange ratio for the proposed Scheme of Merger of Lyka Exports Limited with Lyka Labs Limited (hereinafter collectively referred to as "Companies").

The cut-off date for the valuation exercise has been considered as 9th July 2022 ("Relevant Date", "Valuation date"). A summary of the analysis is presented in the accompanying report, as well as description, methodology and procedure we used and the factors we considered in formulating our opinion.

We believe that our report should be considered in whole, and the selective reading of the report may not give proper picture and may be misleading.

The report should be read in conjunction of this letter.

Thanking you.

3. Exclusions and Limitations

Our report is subject to the scope limitations detailed hereinafter. As such, the report is to be read in totality, and not in parts, and in conjunction with the relevant documents referred to herein.

No investigation of the Companies' claim to title of assets has been made for the purpose of this valuation and their claim to such rights has been assumed to be valid. No consideration has been given to liens or encumbrances against the assets, beyond the loans disclosed in the accounts. Therefore, no responsibility is assumed for matters of a legal nature.

Our work does not constitute an audit or certification of the historical financial statements / prospective results, including the working results of the Companies referred to in this report, and should not be construed as such. Accordingly, we are unable to and do not express an opinion on the fairness or accuracy of any financial information referred to in this report. Valuation analysis and results are specific to the purpose of valuation mentioned in the report and is as per the agreed terms of our engagement. It may not be valid for any other purpose or as at any other date. Also, it may not be valid if done on behalf of any other entity.

A valuation of this nature involves consideration of various factors, including those impacted by prevailing market trends, in general, and industry. This report is issued on the understanding that the management of the Companies have drawn our attention to all the matters, which they are aware of, concerning the financial position of both the Companies and any other matter, which may have an impact on our opinion, on the fair value of the shares of the Companies including any significant changes that have taken place or are likely to take place in the financial position of the Companies, subsequent to the Appointed Date for the proposed merger. We have no responsibility to update this report for events and circumstances occurring after the date of this report.

In the course of the valuation, we were provided with both written and verbal information. We have however, evaluated the information provided to us by the Companies through broad inquiry, analysis and review, but have not carried out a due diligence or an audit of the information provided for the purpose of this engagement. Public information, estimates, industry and statistical information relied upon in this report have been obtained from sources considered by us to be reliable. However, we have not independently verified such information and make no representation as to the accuracy or completeness of such

information from or provided by such sources. Our conclusions are based on the assumptions, forecasts and other information given by/on behalf of the Companies. We assume no responsibility for any errors in the above information furnished by the Companies and its consequential impact on the present exercise.

Our report should not be construed as our opining or certifying the compliance of the proposed merger with the provisions of any law, including companies, taxation and capital market related laws, or as regards any legal implications or issues arising from such proposed merger.

This report is prepared only in connection with the proposed merger, exclusively for the use of the Companies and for submission to any regulatory/statutory authority, as may be required under any applicable law.

Any person/party intending to provide finance/invest in the shares/businesses of any of the Companies, shall do so, after seeking their own professional advice and after carrying out their own due diligence procedures to ensure that they are making an informed decision.

It is to be noted that any reproduction, copying or otherwise quoting of this report or any part thereof, other than in connection with the proposed merger, as aforesaid, can be done only with our prior permission in writing.

The fee for the engagement and this report is not contingent upon the results reported.

Neither Bhavesh M Rathod, or its employees, nor any of their agents, make any representation or warranty, express or implied, as to the accuracy, reasonableness or completeness of the information, based on which the valuation is carried out. All the aforesaid parties expressly disclaim any and all liability for or based on or relating to any such information contained in the valuation.

4. Approach & Methodology

The valuation methodologies used by registered valuer to arrive at the value attributable to the equity shareholders of Lyka Labs Limited and Lyka Exports Limited are discussed hereunder:

1. Asset Approach:

The value arrived at under this approach is based on the audited financial statements of the business and may be defined as Shareholders' Funds or Net Assets owned by the business. The balance sheet values are adjusted for any contingent liabilities that are likely to materialise.

The Net Asset Value is generally used as the minimum break-up value for the transaction since this methodology ignores the future return the assets can produce and is calculated using historical accounting data that does not reflect how much the business is worth to someone who may buy it as a going concern.

2. Market Approach:

Comparable Company Market (CCM) Multiple Method

Under this methodology, market multiples of comparable listed companies are computed and applied to the business being valued in order to arrive at a multiple based valuation. The difficulty here is in the selection of a comparable company since it is rare to find two or more companies with the same product portfolio, size, capital structure, business strategy, profitability and accounting practices.

Whereas no publicly traded company provides an identical match to the operations of a given company, important information can be drawn from the way comparable enterprises are valued by public markets. In case of early stage company and different business model the problem aggravates further.

Market Price Method

The market price of an equity share as quoted on a stock exchange is normally considered as the value of the equity shares of that company where such quotations are arising from the shares being regularly and freely traded in, subject to the element of speculative support that may be inbuilt in the value of the shares. But there could be situations where the value of the shares as quoted on the stock market would not be regarded as a proper index of the fair value of the share especially where the market values are fluctuating in a volatile capital market.

In the present case, equity shares of LLL are listed on NSE, which are widely held, regularly and frequently traded with reasonable volume on the exchange. We have therefore used the market price approach to value the equity shares of LLL.

Equity shares of LEL are not listed on any stock exchange. We have therefore not considered the market price method to determine the fair value of equity shares of LEL.

Since in the subject case equity shares of a listed company i.e. LLL would be issued to the shareholders of unlisted company i.e. LEL, the minimum price at which shares are to be issued is prescribed under Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulation, 2018 issued vide notification No. SEBI/LAD-NRO/GN/2018/31 dated 11 September 2018 and as amended from time to time. The regulation reads as under:

The price of equity shares to be issued shall be determined by Regulation 164. The relevant extract of the regulations is:

Regulation 164 (Pricing of frequently traded shares)

(1) If the equity shares of the issuer have been listed on a recognised stock exchange for a period of 90 trading days or more as on the relevant date, the price of the equity shares to be allotted pursuant to the preferential issue shall be not less than higher of the following:

(a) the 90 trading days volume weighted average price of the related equity shares quoted on the recognised stock exchange preceding the relevant date; or

(b) the 10 trading days volume weighted average price of the related equity shares quoted on the recognised stock exchange preceding the relevant date.

The relevant date for the purpose of computing the price of the equity shares of LLL has been considered to be the date of the board meeting of LLL approving the Scheme in accordance with the SEBI Circulars relating to schemes of arrangement. We have therefore considered the prices upto a day prior to the relevant date i.e. price upto 09 July 2022 have been considered, to ensure that the price of LLL shares being considered for the exchange are not less than the minimum price arrived under the above formula prescribed under Regulation 164.

3. Income Approach:

Discounted Cash Flows – ("DCF")

DCF uses the future free cash flows of the company discounted by the firm's weighted average cost of capital (the average cost of all the capital used in the business, including debt and equity), plus a risk factor measured by beta, to arrive at the present value.

Beta is an adjustment that uses historic stock market data to measure the sensitivity of the Company's cash flow to market indices, for example, through business cycles.

The DCF method is a strong valuation tool, as it concentrates on cash generation potential of a business. This valuation method is based on the capability of a company to generate cash flows in the future. The free cash flows are projected for a certain number of years and then discounted at a discount rate that reflects a Company's cost of capital and the risk associated with the cash flows it generates. DCF analysis is based mainly on the following elements:

- Projection of financial statements (key value driving factors)
- The cost of capital to discount the projected cash flows

Lyka Labs Limited is a listed company and since the information related to future financial projections of the Company is price sensitive in nature, we were not provided with the financial projections of these Companies by the Management. We have therefore not used DCF method to determine the fair value of the equity shares of Lyka Labs Limited.

Lyka Exports Limited is a profit making company and generates surplus cash. Going forward as well, Lyka Exports Limited is expected to make profits and generate surplus cash in future. We have therefore used DCF method to determine the fair value of the equity shares of Lyka Exports Limited.

Valuation Methodology

The application of any particular method of valuation depends on the purpose for which the valuation is done. Although different values may exist for different purposes, it cannot be too strongly emphasized that a valuer can only arrive at one value for one purpose.

In the instant case, based on the nature of business of the Company, availability of data and generally acceptable valuation methodologies, we have valued the Equity Shares of Lyka Exports Limited as on 9th July 2022 as per the DCF method for our analysis. For Lyka labs Limited being a listed Company, we have considered valuation as per regulation 164 of

Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018 to arrive at fair value of equity shares.

Our choice of methodology and valuation has been arrived using usual and conventional methodologies adopted for purposes of a similar nature and our reasonable judgment, in an independent and bona fide manner based on our previous experience of assignments of similar nature.

Refer Annexures for working.

4. Sources of Information

5. Determination of Exchange/Swap Ratio

The share exchange ratio has been arrived at on the basis of a relative (and not absolute) equity value of the Transferor company and Transferee company for the proposed scheme of merger based on the various methodologies mentioned herein earlier. Suitable rounding off have been carried out wherever necessary to arrive at the recommended share exchange ratio.

Refer Annexure 1 for value per share under different methods prescribed and the share exchange ratio.

In light of the above and on a consideration of all the relevant factors and circumstances as discussed and outlined herein above including scope, limitations and assumptions describe in this report and the engagement letter, we recommend the share exchange ratio as follows:

To the equity shareholders of LEL:

23 (Twenty Three) equity share of LLL having face value of INR 10 each fully paid up shall be issued for every 100 (Hundred) equity shares held in LEL having face value of INR 10 each fully paid up.

Terminal Value

The terminal value refers to the present value of the business as a going concern beyond the period of projections up to infinity. This value is estimated by taking into account expected growth rates of the business in future, sustainable capital investments required for the business as well as the estimates growth rate of the industry and economy. Based on dynamics of the sector and discussions with the Management we have assumed a terminal growth rate of **3.00 %** for the Company beyond the projections periods. The cash flows of **Rs. 31.42 Million** have been used to determine the terminal value. Based on these assumptions the terminal value has been calculated at **Rs. 303.17 Million**.

Using these cash flows and a discount rate of **13.36 %**, we estimate the equity value of the Company **Rs. 254.38 Million**.

Discount Factor

Discount Factor considered for arriving at the present value of the Free Cash Flows to the Firm ("FCFF") is the WACC.

The Weighted Average Cost of Capital ("WACC") is based on the proportionate weights of each component of the source of capital, i.e. weighted average of The Cost of Equity ("COE") & The Cost of Debt ("COD") wherein the ratio of Equity/Debt on total capital is the proportionate weights

WACC: COE * Equity Weightage of total Capital + COD * Debt Weightage of total Capital

The Cost of Equity ("COE")

The cost of equity is computed using the capital asset pricing model (CAPM) using the formula shown below.

$$r_E = r_f + B (r_M - r_f) + CSP$$

Where,

r_f = Risk free rate;

r_M = Market return;

B = sensitivity of the Index to the market / measure of market risk

CSP – Company Specific Risk

	Rate	Source
Risk free return (r_f)	7.17 %	5-year government bond yield
Market Return (R_m)	11.68 %	BSE-SENSEX Average Market Rate of Return over the last 5 years
Measure of market risk(B)	0.74	Based on Average Levered Beta value of RSE-SENSEX
Company Specific Risk	2.63 %	Contingency of revenues, projected high profitability, achievability of projections

Based on the above parameters, the Cost of Equity has been calculated at **13.16 %**.

The Cost of Debt ("COD")

The Cost of Debt ("COD") is the current or expected cost of borrowing funds for the company or firm to fund its assets. The Cost of Debt considered for DCF Method of Valuation is always post Tax.

The Cost of Debt is calculated using the formula below:

$$\text{Post - COD} = \text{Pre - COD} * (1 - \text{Tax Rate})$$

Where,

Post – COD = Post Tax Cost of Debt

Pre – COD = Pre Tax Cost of Debt

Tax Rate = Marginal Tax Rate for the firm

	Rate
Pre – Tax COD	19.47 %
Tax Rate	25.63 %
Post – Tax COD	14.48 %

Based on the above parameters, the Cost of Debt has been calculated at **19.47 %**

1. Approach & Methodology:

1. Market Approach:

Market Price Method:

The market price of an equity share as quoted on a stock exchange is normally considered as the value of the equity shares of that company where such quotations are arising from the shares being regularly and freely traded in, subject to the element of speculative support that may be inbuilt in the value of the shares. But there could be situations where the value of the shares as quoted on the stock market would not be regarded as a proper index of the fair value of the share especially where the market values are fluctuating in a volatile capital market.

In the present case, equity shares of LLL are listed on NSE, which are widely held, regularly and frequently traded with reasonable volume on the exchange. We have therefore used the market price approach to value the equity shares of LLL.

Equity shares of LEL are not listed on any stock exchange. We have therefore not considered the market price method to determine the fair value of equity shares of LEL.

Since in the subject case equity shares of a listed company i.e. LLL would be issued to the shareholders of unlisted company i.e. LEL, the minimum price at which shares are to be issued is prescribed under Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulation, 2018 issued vide notification No. SEBI/LAD-NRO/GN/2018/31 dated 11 September 2018 and as amended from time to time. The regulation reads as under:

The price of equity shares to be issued shall be determined by Regulation 164. The relevant extract of the regulations is:

Regulation 164 (Pricing of frequently traded shares)

(1) If the equity shares of the issuer have been listed on a recognised stock exchange for a period of 90 trading days or more as on the relevant date, the price of the equity shares to be allotted pursuant to the preferential issue shall be not less than higher of the following:

(a) the 90 trading days volume weighted average price of the related equity shares quoted on the recognised stock exchange preceding the relevant date; or

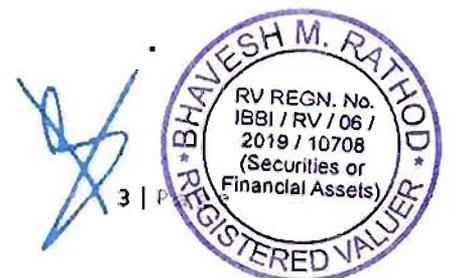

(b) the 10 trading days volume weighted average price of the related equity shares quoted on the recognised stock exchange preceding the relevant date

The relevant date for the purpose of computing the price of the equity shares of LLL has been considered to be the date of the board meeting of LLL approving the Scheme in accordance with the SEBI Circulars relating to schemes of arrangement. We have therefore considered the prices upto a day prior to the relevant date i.e. price upto 09 July 2022 have been considered, to ensure that the price of LLL shares being considered for the exchange are not less than the minimum price arrived under the above formula prescribed under Regulation 164.

Discounted Cash Flows – ("DCF")

Private & Confidential

Bhavesh M Rathod

Registered Valuer – Securities or Financial Assets

DCF uses the future free cash flows of the company discounted by the firm's weighted average cost of capital (the average cost of all the capital used in the business, including debt and equity), plus a risk factor measured by beta, to arrive at the present value.

Beta is an adjustment that uses historic stock market data to measure the sensitivity of the Company's cash flow to market indices, for example, through business cycles.

The DCF method is a strong valuation tool, as it concentrates on cash generation potential of a business. This valuation method is based on the capability of a company to generate cash flows in the future. The free cash flows are projected for a certain number of years and then discounted at a discount rate that reflects a Company's cost of capital and the risk associated with the cash flows it generates. DCF analysis is based mainly on the following elements:

- Projection of financial statements (key value driving factors)
- The cost of capital to discount the projected cash flows.

Lyka Labs Limited is a listed company and since the information related to future financial projections of the Company is price sensitive in nature, we were not provided with the financial projections of these Companies by the Management. We have therefore not used DCF method to determine the fair value of the equity shares of Lyka Labs Limited.

Lyka Exports Limited is a profit making company and generates surplus cash. Going forward as well, Lyka Exports Limited is expected to make profits and generate surplus cash in future. We have therefore used DCF method to determine the fair value of the equity shares of Lyka Exports Limited.

Valuation Methodology:

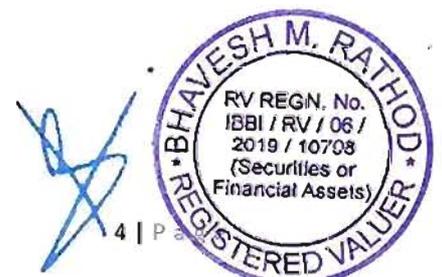

The application of any particular method of valuation depends on the purpose for which the valuation is done. Although different values may exist for different purposes, it cannot be too strongly emphasized that a valuer can only arrive at one value for one purpose.

In the instant case, based on the nature of business of the Company, availability of data and generally acceptable valuation methodologies, we have valued the Equity Shares of Lyka Exports Limited as on 9th July 2022 as per the DCF method for our analysis. For Lyka labs Limited being a listed Company, we have considered valuation as per regulation 164 of Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018 to arrive at fair value of equity shares.

Our choice of methodology and valuation has been arrived using usual and conventional methodologies adopted for purposes of a similar nature and our reasonable judgment, in an independent and bona fide manner based on our previous experience of assignments of similar nature.

Refer Annexures for working.

Terminal Value

The terminal value refers to the present value of the business as a going concern beyond the period of projections up to infinity. This value is estimated by taking into account expected growth rates of the business in future, sustainable capital investments required for the business as well as the estimates growth rate of the industry and economy. Based on dynamics of the sector and discussions with the Management we have assumed a terminal growth rate of 3.00 % for the Company beyond the projections periods. The cash flows of Rs. 32.10 Million have been used to determine the terminal value. Based on these assumptions the terminal value has been calculated at Rs. 283.83 Million.

Using these cash flows and a discount rate of 14.31 %, we estimate the equity value of the Company Rs. 256.69 Million.

Discount Factor

Discount Factor considered for arriving at the present value of the Free Cash Flows to the Firm ("FCFF") is the WACC.

The Weighted Average Cost of Capital ("WACC") is based on the proportionate weights of each component of the source of capital, i.e. weighted average of The Cost of Equity ("COE") & The Cost of Debt ("COD") wherein the ratio of Equity/Debt on total capital is the proportionate weights

WACC: $COE \times \text{Equity Weightage of total Capital} + COD \times \text{Debt Weightage of total Capital}$

The Cost of Equity ("COE")

The cost of equity is computed using the capital asset pricing model (CAPM) using the formula shown below.

$$rE = r_f + B (rM - r_f) + CSP$$

Where,

r_f = Risk free rate;

Private & Confidential

r_M = Market return;

B = sensitivity of the index to the market / measure of market risk

CSP – Company Specific Risk

	Rate	Source
Risk free return (r_f)	7.31 %	5-year government bond yield
Market Return (R_M)	12.92 %	BSE-SENSEX Average Market Rate of Return over the last 5 years
Measure of market risk (B)	0.73	Based on Average Levered Beta value of BSE-SENSEX
Company Specific Risk	2.85 %	Contingency of revenues, projected high profitability, achievability of projections

Based on the above parameters, the Cost of Equity has been calculated at 14.29 %.

The Cost of Debt ("COD")

The Cost of Debt ("COD") is the current or expected cost of borrowing funds for the company or firm to fund its assets. The Cost of Debt considered for DCF Method of Valuation is always post Tax.

The Cost of Debt is calculated using the formula below:

$$\text{Post - COD} = \text{Pre - COD} * (1 - \text{Tax Rate})$$

Where,

Post – COD = Post Tax Cost of Debt

Pre – COD = Pre Tax Cost of Debt

Tax Rate = Marginal Tax Rate for the firm

	Rate
Pre – Tax COD	19.47 %
Tax Rate	25.63 %
Post – Tax COD	14.48 %

Based on the above parameters, the Cost of Debt has been calculated at 14.48 %

1. Approach & Methodology:

1. Market Approach:

Market Price Method:

The market price of an equity share as quoted on a stock exchange is normally considered as the value of the equity shares of that company where such quotations are arising from the shares being regularly and freely traded in, subject to the element of speculative support that may be inbuilt in the value of the shares. But there could be situations where the value of the shares as quoted on the stock market would not be regarded as a proper index of the fair value of the share especially where the market values are fluctuating in a volatile capital market.

In the present case, equity shares of LLL are listed on NSE, which are widely held, regularly and frequently traded with reasonable volume on the exchange. We have therefore used the market price approach to value the equity shares of LLL.

Equity shares of LEL are not listed on any stock exchange. We have therefore not considered the market price method to determine the fair value of equity shares of LEL.

Since in the subject case equity shares of a listed company i.e. LLL would be issued to the shareholders of unlisted company i.e. LEL, the minimum price at which shares are to be issued is prescribed under Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulation, 2018 issued vide notification No. SEBI/LAD-NRO/GN/2018/31 dated 11 September 2018 and as amended from time to time. The regulation reads as under:

The price of equity shares to be issued shall be determined by Regulation 164. The relevant extract of the regulations is:

Regulation 164 (Pricing of frequently traded shares)

(1) If the equity shares of the issuer have been listed on a recognised stock exchange for a period of 90 trading days or more as on the relevant date, the price of the equity shares to be allotted pursuant to the preferential issue shall be not less than higher of the following.

(a) the 90 trading days volume weighted average price of the related equity shares quoted on the recognised stock exchange preceding the relevant date; or

(b) the 10 trading days volume weighted average price of the related equity shares quoted on the recognised stock exchange preceding the relevant date.

The relevant date for the purpose of computing the price of the equity shares of LLL has been considered to be the date of the board meeting of LLL approving the Scheme in accordance with the SEBI Circulars relating to schemes of arrangement. We have therefore considered the prices upto a day prior to the relevant date i.e. price upto 08th August, 2022 have been considered, to ensure that the price of LLL shares being considered for the exchange are not less than the minimum price arrived under the above formula prescribed under Regulation 164.

2. Income Approach:

Discounted Cash Flows – (“DCF”)

Private & Confidential

DCF uses the future free cash flows of the company discounted by the firm's weighted average cost of capital (the average cost of all the capital used in the business, including debt and equity), plus a risk factor measured by beta, to arrive at the present value.

Beta is an adjustment that uses historic stock market data to measure the sensitivity of the Company's cash flow to market indices, for example, through business cycles.

The DCF method is a strong valuation tool, as it concentrates on cash generation potential of a business. This valuation method is based on the capability of a company to generate cash flows in the future. The free cash flows are projected for a certain number of years and then discounted at a discount rate that reflects a Company's cost of capital and the risk associated with the cash flows it generates. DCF analysis is based mainly on the following elements:

- Projection of financial statements (key value driving factors)
- The cost of capital to discount the projected cash flows.

Lyka Labs Limited is a listed company and since the information related to future financial projections of the Company is price sensitive in nature, we were not provided with the financial projections of these Companies by the Management. We have therefore not used DCF method to determine the fair value of the equity shares of Lyka Labs Limited.

Lyka Exports Limited is a profit making company and generates surplus cash. Going forward as well, Lyka Exports Limited is expected to make profits and generate surplus cash in future. We have therefore used DCF method to determine the fair value of the equity shares of Lyka Exports Limited.

Valuation Methodology:

The application of any particular method of valuation depends on the purpose for which the valuation is done. Although different values may exist for different purposes, it cannot be too strongly emphasized that a valuer can only arrive at one value for one purpose.

In the instant case, based on the nature of business of the Company, availability of data and generally acceptable valuation methodologies, we have valued the Equity Shares of Lyka Exports Limited as on 08th August, 2022 as per the DCF method for our analysis. For Lyka Labs Limited being a listed Company, we have considered valuation as per regulation 164 of Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018 to arrive at fair value of equity shares.

Our choice of methodology and valuation has been arrived using usual and conventional methodologies adopted for purposes of a similar nature and our reasonable judgment, in an independent and bona fide manner based on our previous experience of assignments of similar nature.

Refer Annexures for working.

Terminal Value

The terminal value refers to the present value of the business as a going concern beyond the period of projections up to infinity. This value is estimated by taking into account expected growth rates of the business in future, sustainable capital investments required for the business as well as the estimates growth rate of the industry and economy. Based on dynamics of the sector and discussions with the Management we have assumed a terminal growth rate of 3.00 % for the Company beyond the projections periods. The cash flows of Rs. 32.10 Million have been used to determine the terminal value. Based on these assumptions the terminal value has been calculated at Rs. 283.83 Million.

Using these cash flows and a discount rate of 14.31 %, we estimate the equity value of the Company Rs. 256.69 Million.

Discount Factor

Discount Factor considered for arriving at the present value of the Free Cash Flows to the Firm ("FCFF") is the WACC.

The Weighted Average Cost of Capital ("WACC") is based on the proportionate weights of each component of the source of capital, i.e. weighted average of The Cost of Equity ("COE") & The Cost of Debt ("COD") wherein the ratio of Equity/Debt on total capital is the proportionate weights

WACC: COE * Equity Weightage of total Capital + COD * Debt Weightage of total Capital

The Cost of Equity ("COE")

The cost of equity is computed using the capital asset pricing model (CAPM) using the formula shown below.

$$rE = r_f + B (rM - r_f) + CSP$$

Where,

r_f = Risk free rate,

Private & Confidential

r_M = Market return;

B = sensitivity of the index to the market / measure of market risk

CSP – Company Specific Risk

	Rate	Source
Risk free return (rf)	7.31 %	5-year government bond yield
Market Return (R _m)	12.92 %	BSE-SENSEX Average Market Rate of Return over the last 5 years
Measure of market risk(B)	0.73	Based on Average Levered Beta value of BSE-SENSEX
Company Specific Risk	2.86 %	Contingency of revenues, projected high profitability, achievability of projections

Based on the above parameters, the Cost of Equity has been calculated at 14.29 %.

The Cost of Debt ("COD")

The Cost of Debt ("COD") is the current or expected cost of borrowing funds for the company or firm to fund its assets. The Cost of Debt considered for DCF Method of Valuation is always post Tax.

The Cost of Debt is calculated using the formula below:

$$\text{Post - COD} = \text{Pre - COD} * (1 - \text{Tax Rate})$$

Where,

Post - COD = Post Tax Cost of Debt

Pre - COD = Pre Tax Cost of Debt

Tax Rate = Marginal Tax Rate for the firm

	Rate
Pre - Tax COD	19.47 %
Tax Rate	25.63 %
Post - Tax COD	14.48 %

Based on the above parameters, the Cost of Debt has been calculated at 14.48 %

Debt & Equity Weightage

Dear Sir(s)/ Madam(s),

Sub: Third Addendum to our valuation report dated 06th August, 2022, first addendum to valuation report dated 24th November, 2022 and Second addendum to valuation report dated 28th December 2022 recommending fair equity share exchange ratio for the proposed merger of Lyka Exports Limited with Lyka Labs Limited.

We, Bhavesh Rathod, Chartered Accountants, had been appointed vide our Engagement to recommend the fair equity share exchange ratio for the proposed merger of Lyka Exports Limited ('LEL' or The 'Transferor Company') with Lyka Labs Limited ('LLL' or The 'Transferee Company').

Pursuant to the same, we had issued the valuation report dated 06th August, 2022 with UDIN: 22119158AOLDBN9980 ('Valuation Report'), First addendum valuation report dated 24th November, 2022 with UDIN: 22119158BEANDE8485 and Second addendum valuation report dated 28th December, 2022 with UDIN: 22119158BGJZXV9392 for the purpose of complying with relevant provisions of the Securities and Exchange Board of India ('SEBI') and to the extent mandatorily required under any applicable laws of India. This Addendum Report shall be read in conjunction to the Valuation Report and addendum thereto. All other contents mentioned in the main report, first addendum and second addendum report shall remain unchanged.

We understand, the management of the Company has requested us to provide recommendation on fair equity share exchange ratio considering Audited Financial Statements as on 30th September, 2022 of the Transferor Company and Limited Review Report as on 30th September, 2022 of the Transferee Company for the proposed merger and to address observation raised by Stock exchange (s) to change the relevant date for the purpose of computing pricing as per the date of Board Meeting vide Securities Exchange Board of India (SEBI) Master circular dated 23rd November, 2021. As represented to us the date of the board meeting of LLL approving the Scheme in accordance with the SEBI Circulars relating to schemes of arrangement is 8th August 2022.

In relation to the above, we are issuing this addendum to our Valuation Report dated 06th August, 2022, First addendum valuation report dated 24th November, 2022 and Second addendum report dated 28th December 2022 on the fair equity share exchange ratio after considering the Audited Financial Statements and Limited Review Report as on 30th September, 2022 as mentioned aforesaid. Our recommendation of fair equity share exchange ratio is provided herein below:

Recommendation:

In case of the proposed merger of the Transferor Company with the Transferee Company, following is the computation of fair equity share exchange ratio:

Computation of Share Exchange Ratio				
Valuation Approach	LLL (Transferee Company)		LEL (Transferor Company)	
	Value Per Share (INR)	Weight	Value Per Share (INR)	Weight
	Asset Approach	0.00	0%	0.00
Income Approach (*)	96.65	0%	34.71	100%
Market Approach	146.73	100%	NA	0%
Fair Value Per Share	146.73		34.71	
Exchange Ratio	0.23			

Swap Ratio
For every 100 shares of Lyka Exports Limited, 23 shares of Lyka Labs Limited will be issued

(*) Post the receipt of projections from the company management, the value per share using the income method values the share at Rs.96.65 as compared to Rs.146.73 using the market price method, which was lower and did not depict the fair value of the company.

In the interest of the shareholders of the listed company (Lyka Labs Limited), income method was not considered.

Fair Equity Share Exchange Ratio Conclusion:

23 (Twenty Three) equity share of LLL having face value of INR 10 each fully paid up shall be issued for every 100 (Hundred) equity shares held in LEL having face value of INR 10 each fully paid up.

We believe that this addendum must be considered as a whole, along with the Valuation Report. This Addendum Report shall be read in totality and in conjunction with the Valuation Report, reading of selected portions of our report could lead to undue emphasis on any particular factor.

Yours faithfully

1. Approach & Methodology:

1. Market Approach:

Market Price Method:

The market price of an equity share as quoted on a stock exchange is normally considered as the value of the equity shares of that company where such quotations are arising from the shares being regularly and freely traded in, subject to the element of speculative support that may be inbuilt in the value of the shares. But there could be situations where the value of the shares as quoted on the stock market would not be regarded as a proper index of the fair value of the share especially where the market values are fluctuating in a volatile capital market.

In the present case, equity shares of LLL are listed on NSE, which are widely held, regularly and frequently traded with reasonable volume on the exchange. We have therefore used the market price approach to value the equity shares of LLL.

Equity shares of LEL are not listed on any stock exchange. We have therefore not considered the market price method to determine the fair value of equity shares of LEL.

Since in the subject case equity shares of a listed company i.e. LLL would be issued to the shareholders of unlisted company i.e. LEL, the minimum price at which shares are to be issued is prescribed under Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulation, 2018 issued vide notification No. SEBI/LAD-NRO/GN/2018/31 dated 11 September 2018 and as amended from time to time. The regulation reads as under:

The price of equity shares to be issued shall be determined by Regulation 164. The relevant extract of the regulations is:

Regulation 164 (Pricing of frequently traded shares)

(1) If the equity shares of the issuer have been listed on a recognised stock exchange for a period of 90 trading days or more as on the relevant date, the price of the equity shares to be allotted pursuant to the preferential issue shall be not less than higher of the following:

- (a) the 90 trading days volume weighted average price of the related equity shares quoted on the recognised stock exchange preceding the relevant date; or*
- (b) the 10 trading days volume weighted average price of the related equity shares quoted on the recognised stock exchange preceding the relevant date.*

The relevant date for the purpose of computing the price of the equity shares of LLL has been considered to be the date of the board meeting of LLL approving the Scheme in accordance with the SEBI Circulars relating to schemes of arrangement. We have therefore considered the prices upto a day prior to the relevant date i.e. price upto 08th August, 2022 have been considered, to ensure that the price of LLL shares being considered for the exchange are not less than the minimum price arrived under the above formula prescribed under Regulation 164.

2. Income Approach:

Discounted Cash Flows – (“DCF”)

DCF uses the future free cash flows of the company discounted by the firm's weighted average cost of capital (the average cost of all the capital used in the business, including debt and equity), plus a risk factor measured by beta, to arrive at the present value.

Beta is an adjustment that uses historic stock market data to measure the sensitivity of the Company's cash flow to market indices, for example, through business cycles.

The DCF method is a strong valuation tool, as it concentrates on cash generation potential of a business. This valuation method is based on the capability of a company to generate cash flows in the future. The free cash flows are projected for a certain number of years and then discounted at a discount rate that reflects a Company's cost of capital and the risk associated with the cash flows it generates. DCF analysis is based mainly on the following elements:

- Projection of financial statements (key value driving factors)
- The cost of capital to discount the projected cash flows.

Lyka Labs Limited is a listed company and after receipt of the projected financials, we estimated the value per share using the income method at Rs.96.65 per share as compared to Rs.146.73 using the market price method, which was lower and did not depict the fair value of the company. We have therefore in the interest of the shareholders of the listed company (Lyka Labs Limited) not used DCF method to determine the fair value of the equity shares of Lyka Labs Limited.

Lyka Exports Limited is a profit making company and generates surplus cash. Going forward as well, Lyka Exports Limited is expected to make profits and generate surplus cash in future. We have therefore used DCF method to determine the fair value of the equity shares of Lyka Exports Limited.

Valuation Methodology:

The application of any particular method of valuation depends on the purpose for which the valuation is done. Although different values may exist for different purposes, it cannot be too strongly emphasized that a valuer can only arrive at one value for one purpose.

In the instant case, based on the nature of business of the Company, availability of data and generally acceptable valuation methodologies, we have valued the Equity Shares of Lyka Exports Limited as on 08th August, 2022 as per the DCF method for our analysis. For Lyka labs Limited being a listed Company, we have considered valuation as per regulation 164 of Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018 to arrive at fair value of equity shares.

Terminal Value

The terminal value refers to the present value of the business as a going concern beyond the period of projections up to infinity. This value is estimated by taking into account expected growth rates of the business in future, sustainable capital investments required for the business as well as the estimates growth rate of the industry and economy. Based on dynamics of the sector and discussions with the Management we have assumed a terminal growth rate of 3.00 % for the Company beyond the projections periods. The cash flows of Rs. 32.10 Million have been used to determine the terminal value. Based on these assumptions the terminal value has been calculated at Rs. 283.83 Million.

Using these cash flows and a discount rate of 14.31 %, we estimate the equity value of the Company Rs. 256.69 Million.

Discount Factor

Discount Factor considered for arriving at the present value of the Free Cash Flows to the Firm ("FCFF") is the WACC.

The Weighted Average Cost of Capital ("WACC") is based on the proportionate weights of each component of the source of capital, i.e. weighted average of The Cost of Equity ("COE") & The Cost of Debt ("COD") wherein the ratio of Equity/Debt on total capital is the proportionate weights

WACC: COE * Equity Weightage of total Capital + COD * Debt Weightage of total Capital

The Cost of Equity ("COE")

The cost of equity is computed using the capital asset pricing model (CAPM) using the formula shown below.

$$rE = r_f + B (rM - r_f) + CSP$$

Where,

rf = Risk free rate;

Private & Confidential

r_M = Market return;

B = sensitivity of the index to the market / measure of market risk

CSP – Company Specific Risk

	Rate	Source
Risk free return (rf)	7.31 %	5-year government bond yield
Market Return (Rm)	12.92 %	BSE-SENSEX Average Market Rate of Return over the last 5 years
Measure of market risk(B)	0.73	Based on Average Levered Beta value of BSE-SENSEX
Company Specific Risk	2.86 %	Contingency of revenues, projected high profitability, achievability of projections

Based on the above parameters, the Cost of Equity has been calculated at **14.29 %**.

The Cost of Debt ("COD")

The Cost of Debt ("COD") is the current or expected cost of borrowing funds for the company or firm to fund its assets. The Cost of Debt considered for DCF Method of Valuation is always post Tax.

The Cost of Debt is calculated using the formula below:

$$\text{Post - COD} = \text{Pre - COD} * (1 - \text{Tax Rate})$$

Where,

Post – COD = Post Tax Cost of Debt

Pre – COD = Pre Tax Cost of Debt

Tax Rate = Marginal Tax Rate for the firm

	Rate
Pre – Tax COD	19.47 %
Tax Rate	25.63 %
Post – Tax COD	14.48 %

Based on the above parameters, the Cost of Debt has been calculated at **14.48 %**

DETAILS OF THE SCHEME OF AMALGAMATION AND LISTING

DETAILS OF THE SCHEME OF AMALGAMATION

Scheme of Amalgamation of Lyka Exports Limited (the “Transferor Company”) with Lyka Labs Limited (the “Transferee Company”) and their respective shareholders under Sections 230 to 232 and other applicable provisions of the Companies Act, 2013 (the “Act”) (hereinafter referred to as the “Scheme” / “Scheme of Amalgamation”) is proposed.

The Scheme provides for (i) amalgamation of the Transferor Company with the Transferee Company; (ii) cancellation of equity shares of Transferor Company to the extent held by Transferee Company; and (iii) allotment of equity shares of the Transferee Company to the shareholders of the Transferor Company in the proportion of equity shares held by them in the Transferor Company.

The Appointed Date of the Scheme means April 01, 2022, or such other date as may be approved by the Hon’ble NCLT. The Effective Date of the Scheme means the last of the dates on which the certified or authenticated copies

of the orders of the National Company Law Tribunal sanctioning the Scheme are filed with the respective Registrar of Company by the Transferor Company and by the Transferee Company.

The Scheme shall be effective from the Appointed Date but shall be operative from the Effective Date.

Rationale for the Scheme:

The Transferee Company is holding stake directly in the Transferor Company and as the Transferor Company and Transferee Company's business activities are similar and complement each other, and to achieve *inter-alia* economies of scale and efficiency, the amalgamation of the Transferor Company is being undertaken. The amalgamation of the Transferor Company with the Transferee Company would *inter alia* have the following benefits:

- (a) Greater integration and greater financial strength and flexibility for the amalgamated entity, which would result in maximising overall shareholder value, and will improve the competitive position of the combined entity.
- (b) Greater efficiency in cash management of the amalgamated entity, and unfettered access to cash flow generated by the combined business which can be deployed more efficiently to fund organic and inorganic growth opportunities, to maximize shareholder value.
- (c) Improved organizational capability and leadership, arising from the pooling of human capital who have the diverse skills, talent and vast experience to compete successfully in an increasingly competitive industry.
- (d) Greater access by the amalgamated company to different market segments in the conduct of its business.
- (e) Cost savings are expected to flow from more focused operational efforts, rationalization, standardisation and simplification of business processes, and the elimination of duplication, and rationalization of administrative expenses.
- (f) Achieving economies of scale.

Consideration for the amalgamation of the Transferor Company under the Scheme:

In consideration for the amalgamation of the Transferor Company, the Transferee Company shall issue and allot its equity shares on proportionate basis to shareholders of the Transferor Company as on the Effective Date, in the manner given below:

“23 (Twenty Three) equity shares of the Transferee Company of the face value of Rs.10 (Rupees Ten Only) each fully paid up for every 100 (Hundred) equity shares of the Transferor Company of the face value of Rs.10/- (Rupees Ten Only) each fully paid up to the registered equity shareholders of the Transferor Company.”

Further, upon the Scheme of Amalgamation becoming effective, all equity shares held by the Transferee Company in the share capital of the Transferor Company (held either directly or through its nominees) shall stand cancelled.

LISTING

The equity shares of the Transferor Company are not listed on any recognised stock exchanges. The equity shares of the Transferee Company are listed on BSE Limited (“BSE”) and National Stock Exchange of India Limited (“NSE”).

The equity shares of the Transferee Company, issued as consideration to the shareholders of the Transferor Company, are proposed to be listed on BSE and NSE.

INTERNAL RISK FACTORS

1. The implementation of the Scheme is subject to receipt of various approvals, including approval from shareholders and creditors of the Transferor Company, regulatory authorities and the NCLT. In the event that these approvals are not received, the Transferor Company may not be able to effect the Scheme and commence business operations.
2. The Transferor Company's performance and growth are dependent on the performance of the Indian and global economy, which in turn, depends on various external factors. Any downturn in the macroeconomic environment in India could affect the business, prospects, financial condition, results of operations and cash flows of the Transferor Company.
3. Post-effectiveness of the Scheme, the Transferee Company intends to operate in the pharmaceutical and consumer healthcare sector which is intensely competitive with numerous major competing. Such competitors may succeed in developing products that are cheaper, popular or more efficient than the products of the Transferee Company, thus adversely affecting the profitability and business of the Transferee Company.
4. In past few years, the Government of India has made frequent changes in regulations covering drug pricing, trade margins and other laws which impact us. Any adverse changes in government policies with respect to pricing or trade margins with respect to our products may impact our performance.

INDEPENDENT AUDITOR'S REPORT

To the Members of
Lyka Labs Limited

Report on the Financial Statements

Opinion

We have audited the accompanying financial statements of Lyka Labs Limited ("the Company"), which comprise the Balance Sheet as at 31st March, 2024, the Statement of Profit and Loss (including Other Comprehensive Income), the Cash Flow Statement, the Statement of Changes in Equity for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2024, and its loss, total comprehensive income, its cash flows and changes in equity for the year ended on that date.

Basis of Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

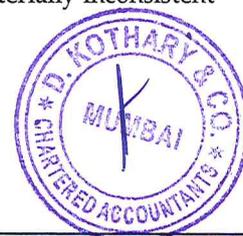

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. There are no key audit matters to be disclosed.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual report, but does not include the standalone Ind AS financial statements and our auditor's report thereon.

Our opinion on the standalone Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone Ind AS financial statements, our responsibility is to read the other information and, in doing so, consider whether such other information is materially inconsistent

with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act read with the Companies (Indian Accounting Standard) Rules, 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Annexure - B to the Auditors' Report

To the Members of
Lyka Labs Limited

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Lyka Labs Limited ("the Company") as of 31st March, 2024 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the

D. KOTHARY & CO. Chartered Accountants

maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2024, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

1. CORPORATE INFORMATION

Lyka Labs Limited ("the Company") is a public company domiciled in India and incorporated under the provisions of the Companies Act, 1956 (as amended by the Companies Act, 2013). Its shares are listed on two stock exchanges in India. The Company is engaged in the business of pharmaceutical and related activities, including research.

2. THE MATERIAL ACCOUNTING POLICIES, ACCOUNTING JUDGEMENTS, ESTIMATES AND ASSUMPTIONS:

A. THE MATERIAL ACCOUNTING POLICIES:

2.1A Basis of Preparation of Ind-AS Financial Statements

The Ind-AS financial statements of the Company have been prepared in accordance with the relevant provisions of the Companies Act, 2013, the Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 read with the Companies (Indian Accounting Standards) Amendment Rules, 2017 and the Guidance Notes and other authoritative pronouncements issued by the Institute of Chartered Accountants of India (ICAI).

The Ind-AS financial statements have been prepared on a historical cost basis, except for certain financial assets and financial liabilities measured at fair value (refer accounting policy no. 2.10 regarding financial instruments). Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

2.1B Accounting estimates, assumptions and judgements

The preparation of the Standalone Financial Statements requires management to make estimates, assumptions and judgments that affect the reported balances of assets and liabilities and disclosures as at the date of the Standalone Financial Statements and the reported amounts of income and expense for the periods presented.

The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates considering different assumptions and conditions.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and future periods are affected.

The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying values of assets and liabilities within the next financial year are Deferred Income tax assets and liabilities, Useful lives of property, plant and equipment ('PPE') and intangible assets, Employee benefit obligations, Provisions and contingencies, Impairment of investment in subsidiaries and goodwill

2.2 CURRENT AND NON-CURRENT CLASSIFICATION OF ASSETS AND LIABILITIES AND OPERATING CYCLE:

An asset is considered as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle,
- Held primarily for the purpose of trading,
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period All other assets are classified as non-current.

A liability is considered as current when:

- It is expected to be settled in normal operating cycle,
- It is held primarily for the purpose of trading,
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The Operating Cycle is the time between the acquisition of assets for business purposes and their realisation into cash and cash equivalents.

2.3 PROPERTY, PLANT AND EQUIPMENT:

Property, Plant and Equipment are recorded at their cost of acquisition, net of refundable taxes or levies, less accumulated depreciation and impairment losses, if any. The cost thereof comprises of its purchase price,

including import duties and other non-refundable taxes or levies and any directly attributable cost for bringing the asset to its working condition for its intended use.

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the Statement of Profit or Loss when the asset is derecognised.

For transition to Ind AS, the Company has elected to continue with the carrying value of all its property, plant and equipment recognised as on 1st April, 2016 (date of transition) measured as per previous GAAP as its deemed cost on the date of transition.

2.4 DEPRECIATION:

Depreciation on Property, Plant and Equipment is provided on different class of assets on the following basis: Depreciation on Tangible Assets is provided on straight-line method at the rates and manner in accordance with Schedule II to the Companies Act, 2013.

Cost of Leasehold Land and Improvement is written off over the period of Lease.

Depreciation on additions to Property Plant and Equipment is provided on pro-rata basis from the date of acquisition or installation, and in case of new project from the date of commencement of commercial production.

Depreciation on Assets sold, discarded, demolished or scrapped, is provided upto the date on which the said Asset is sold, discarded, demolished or scrapped.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

2.5 CAPITAL WORK IN PROGRESS AND CAPITAL ADVANCES:

Expenses incurred for acquisition of capital assets outstanding at each balance sheet date are disclosed under capital work-in-progress. Advances given towards the acquisition of fixed assets are shown separately as capital advances under the head Other Non-Current Assets.

2.6 INTANGIBLE ASSETS AND AMORTISATION THEREOF:

2.6.1 INTERNALLY GENERATED INTANGIBLE ASSETS (RESEARCH AND DEVELOPMENT):

- i) Research costs are expensed as incurred. Development expenditure incurred on an individual project is recognized as an intangible asset when the company can demonstrate all the following:
 - a) The technical feasibility of completing the intangible asset so that it will be available for use or sale.
 - b) Its intention to complete the asset.
 - c) Its ability to use or sell the asset.
 - d) How the asset will generate future economic benefits.
 - e) The availability of adequate resources to complete the development and to use or sell the

asset.

- f) The ability to measure reliably the expenditure attributable to the intangible asset during development.

2.6.2 OTHER INTANGIBLE ASSETS:

An intangible asset is recognised if

- (a) it is probable that the expected future economic benefits that are attributable to the asset will flow to the entity; and
(b) the cost of the asset can be measured reliably.

An item of Intangible Asset is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the Statement of Profit or Loss when the asset is derecognised.

The residual values, useful lives and methods of amortisation of Intangible Assets are reviewed at each financial year end and adjusted prospectively, if appropriate.

2.6.3. AMORTISATION OF INTANGIBLE ASSETS:

Amortization of the asset begins on a straight-line basis over the period of expected future benefit from the related project. Amortization is recognized in the Statement of Profit and Loss. During the period of development, the asset is tested for impairment annually.

Estimated useful life of the following assets :

Class of Assets	Useful life in years
Internally Developed Intangible	05
Computer Software	05
Technical and Marketing Know-How	10
Brands/Trade Mark / Goodwill	10

The residual values, useful lives and methods of amortisation of Intangible Assets are reviewed at each financial year end and adjusted prospectively, if appropriate.

For transition to Ind AS, the Company has elected to continue with the carrying value of all its Intangible Assets recognised as on 1st April, 2016 (date of transition) measured as per previous GAAP as its deemed cost on the date of transition.

2.7 IMPAIRMENT OF PROPERTY PLANT & EQUIPMENT AND INTANGIBLE ASSETS

Carrying amount of tangible and intangible assets are reviewed at each Balance Sheet date. These are treated as impaired when the carrying cost thereof exceeds its recoverable value. Recoverable value is higher of the asset's net selling price or value in use. Value in use is the present value of estimated future cash flows expected to arise from the continuing use of an asset and from its disposal at the end of its useful life. Net selling price is the amount receivable from the sale of an asset in an arm's length

transaction between knowledgeable, willing parties, less the cost of disposal. An impairment loss is charged for when an asset is identified as impaired. The impairment loss recognised in prior accounting period is reversed if there has been a change in the estimate of recoverable amount.

2.8 INVENTORIES

- Raw Materials, Packing Materials, Work-in-Process and Finished Goods are valued at lower of cost or net realisable value. Cost is determined by using FIFO method. Cost comprises of all costs of purchases (net of CENVAT/GST credit, rebates, trade discount etc.), costs of conversion and cost incurred to bring the inventories to the present location and condition.
- Stores and Spares (excluding capital spares) are charged to consumption as and when purchased.

Net realisable value is the estimated selling price in the ordinary course of business.

2.9 REVENUE RECOGNITION

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured, regardless of when the payment is being made. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government, discounts and rebates.

- Revenue from Domestic sale is recognised on transfer of significant risks and rewards of ownership which is based on the dispatch of goods.
- Revenue from Export sale is recognised on transfer of significant risks and rewards of ownership based on Bill of lading date.
- Revenue in respect of other income/claims, etc. is recognised only when it is reasonably certain that ultimate collection will be made.

- Interest Income:

For all financial instruments measured at amortised cost, interest income is measured using the Effective Interest Rate (EIR), which is the rate that exactly discounts the estimated future cash flows through the contracted or expected life of the financial instrument, as appropriate, to the net carrying amount of the financial asset.

- Dividend Income:

Dividend income is recognised when the Company's right to receive the payment is established, which is generally when shareholders approve the dividend.

2.10 FINANCIAL INSTRUMENTS:

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

FINANCIAL ASSETS:

Initial Recognition and Measurement:

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset.

Subsequent Measurement:

For purposes of subsequent measurement, financial assets are classified in three categories:

- Financial assets at amortised cost
- Equity instruments measured at fair value through other comprehensive income (FVTOCI)
- Investments measured at fair value through Profit & Loss (FVTPL)

Financial Assets at Amortised Cost:

A financial asset is measured at the amortised cost if both the following conditions are met:

- a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- b) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and any fees or costs that are an integral part of the EIR.

Equity Instruments at FVTOCI:

For equity instruments not held for trading, an irrevocable choice is made on initial recognition to measure it at FVTOCI. All fair value changes on such investments, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to profit or loss, even on sale or disposal of the investment. However, on sale or disposal the company may transfer the cumulative gain or loss within equity.

Financial Assets at FVTPL:

Even if an instrument meets the two requirements to be measured at amortised cost or fair value through other comprehensive income, a financial asset is measured at fair value through profit or loss if doing so eliminates or significantly reduces a measurement or recognition inconsistency (sometimes referred to as "accounting mismatch") that would otherwise arise from measuring assets or liabilities or recognising the gains and losses on them on different bases. All other financial assets are measured at fair value through profit or loss.

DERECOGNITION:

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised (i.e. removed from the Company's statement of financial position) when:

- i) The rights to receive cash flows from the asset have expired, or
- ii) The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a "pass-through" arrangement and either;
 - a) The Company has transferred substantially all the risks and rewards of the asset, or
 - b) The Company has neither transferred nor retained substantially all the risks and

rewards of the asset but has transferred control of the asset.

IMPAIRMENT OF FINANCIAL ASSETS:

The company applies the expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposures:

- Financial assets at amortised cost.
- Trade Receivables

The company follows 'simplified approach' for recognition of impairment loss allowance on trade receivables. Under this approach the company does not track changes in credit risk but recognises impairment loss allowance based on lifetime ECLs at each reporting date. For this purpose the company uses a provision matrix to determine the impairment loss allowance on the portfolio of trade receivables. The said matrix is based on historically observed default rates over the expected life of the trade receivables duly adjusted for forward looking estimates.

For recognition of impairment loss on other financial assets and risk exposures, the company determines whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the company reverts to recognising impairment loss allowance based on 12-month ECL.

For assessing increase in credit risk and impairment loss, the company combines financial instruments on the basis of shared credit risk characteristics with the objective of facilitating an analysis that is designed to enable significant increases in credit risk to be identified on a timely basis.

Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12-month ECL is a portion of the lifetime ECL which results from default events on a financial instrument that are possible within 12 months after the reporting date.

ECL is the difference between all contractual cash flows that are due to the company in accordance with the contract and all the cash flows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original EIR. The ECL impairment loss allowance (or reversal) recognized during the period in the statement of profit and loss and the cumulative loss is reduced from the carrying amount of the asset until it meets the write off criteria, which is generally when no cash flows are expected to be realised from the asset.

FINANCIAL LIABILITIES:

Initial Recognition and Measurement:

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs. The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts, financial guarantee contracts.

Subsequent Measurement:

This is dependent upon the classification thereof as under:

Loans and Borrowings:

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss.

Derecognition:

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

OFFSETTING OF FINANCIAL INSTRUMENTS:

Financial assets and financial liabilities are offset and the net amount is reported in the Balance Sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise an asset and settle the liabilities simultaneously.

EQUITY INSTRUMENTS:

An equity instrument is any contract that evidences a residual interest in the assets of an entity in accordance with the substance of the contractual arrangements. These are recognised at the amount of the proceeds received, net of direct issue costs.

2.11 EMPLOYEE BENEFITS

- **Defined Contribution Plan:**

The Company's contribution paid / payable during the year to Provident Fund , ESIC, Superannuation Fund etc., are recognized as expenses in the Statement of Profit and Loss. These are approved / recognised schemes of the Company.

- **Defined Benefit Plan:**

The Company's annual liability towards Gratuity is funded on the basis of actuarial valuation furnished by the Independent Actuarial Valuer / Life Insurance Corporation of India under Group Gratuity Scheme.

- The undiscounted amount of short-term employee benefit expected to be paid in exchange for the service rendered by employees is recognised during the period when the employee renders the service. These benefits include compensated absences such as paid annual leave and performance incentives and are determined using the Projected Unit Credit Method. Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related services are recognised as an actuarially determined liability at the present value of the defined benefit obligation at the Balance sheet date. Actuarial gains and losses are recognised immediately in the

Balance Sheet with a corresponding effect in the Statement of Other Comprehensive Income. Past service cost is recognised immediately in the Statement of Profit or Loss.

2.12 BORROWING COST

Borrowing costs comprising of interest and other costs that are incurred in connection with the borrowing of funds, that are attributable to the acquisition or construction of qualifying assets are considered as a part of cost of such assets less interest earned on the temporary investment. A qualifying asset is one that necessarily takes substantial period of time to get ready for the intended use. All other borrowing costs are charged to Statement of Profit & Loss in the year in which they are incurred.

2.13 LEASES:

The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfillment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement.

(i) Company as a lessee

The Company's lease asset classes primarily consist of leases for land, buildings and furniture. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset

At the date of commencement of the lease, the Company recognises a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Company recognises the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements include the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised. The right of-use assets are initially recognised at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may

not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e., the higher of the fair value less cost to sell) and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

The lease liability is initially measured at amortised cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Company changes its assessment if whether it will exercise an extension or a termination option.

(ii) Company as a lessor

Leases for which the Company is a lessor is classified as a finance or operating lease. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases.

When the Company is an intermediate lessor, it accounts for its interests in the head lease and the sublease separately. The sublease is classified as a finance or operating lease by reference to the right of-use asset arising from the head lease. For operating leases, rental income is recognised on a straight-line basis over the term of the relevant lease.

2.14 FOREIGN CURRENCY TRANSACTIONS:

Transactions in foreign currencies are initially recorded at their respective functional currency spot rates at the date the transaction first qualifies for recognition.

Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting date.

Differences arising on settlement or translation of monetary items are recognised as income or expenses in the period in which they arise.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e., translation differences on items whose fair value gain or loss is recognised in OCI or profit or loss are also recognised in OCI or profit or loss, respectively).

2.15 TAXES ON INCOME:**Current Income Taxes:**

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Current income tax relating to items recognised directly in equity is recognised in other comprehensive income / equity and not in the statement of profit and loss. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred Taxes.

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax liabilities are recognised for all taxable temporary differences, when the deferred tax liability arises from an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised, except, when the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss. Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities.

Minimum Alternate Tax (MAT):

MAT paid in accordance with the tax laws in India, which give rise to future economic benefits in the form of adjustment of future income tax liability, is considered as an asset if there is convincing evidence that the

Company will pay normal income tax after the specified years. Accordingly, MAT is recognised as a deferred tax asset in the Balance Sheet when the asset can be measured reliably, and it is probable that the future economic benefits associated with it will flow to the Company.

2.16 PROVISIONS AND CONTINGENT LIABILITIES:

Provisions involving substantial degree of estimation in measurement are recognized when there is a present obligation as a result of past events and it is probable that there will be an outflow of resources.

When the Company expects some or all of a provision to be reimbursed, the same is recognised as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

A Contingent Liability is a possible obligation that arises from past events and the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of enterprise or a present obligation that arises from past events that may, but probably will not, require an outflow of resources.

Both provisions and contingent liabilities are reviewed at each Balance Sheet date and adjusted to reflect the current best estimates. Contingent Liabilities are not recognized but are disclosed in the notes.

2.17 EARNINGS PER SHARE:

Basic earnings per share is calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. The weighted average number of equity shares outstanding during the year are adjusted for events including a bonus issue, bonus element in right issue to existing shareholders, share split, and reverse share split (consolidation of shares).

For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of equity shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares

2.18 CASH AND CASH EQUIVALENT:

Cash and cash equivalent for the purpose of Cash Flow Statement comprise cash at bank and in hand and short term highly liquid investments which are subject to insignificant risk of changes in value.

2.19 CASH FLOW STATEMENT:

Cash flows are reported using the indirect method, whereby profit / (loss) before extraordinary items and tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash

receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

2.20 COMMITMENTS:

Commitments are future liabilities for contractual expenditure. The commitments are classified and disclosed as follows:

- (a) The estimated amount of contracts remaining to be executed on capital accounts and not provided for; and
- (b) Other non-cancellable commitments, if any, to the extent they are considered material and relevant in the opinion of the Management.

2.21 SEGMENT REPORTING:

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision-maker. The chief operating decision-maker, who is responsible for allocating resources and assessing performance of the operating segments, has been identified as the Board of Directors that makes strategic decisions.

2.22 SIGNIFICANT ACCOUNTING JUDGEMENTS, ESTIMATES AND ASSUMPTIONS:

The preparation of Financial Statements is in conformity with the recognition and measurement principles of Ind AS which requires the management to make judgements for estimates and assumptions that affect the amounts of assets, liabilities and the disclosure of contingent liabilities on the reporting date and the amounts of revenues and expenses during the reporting period and the disclosure of contingent liabilities. Differences between actual results and estimates are recognized in the period in which the results are known/ materialize.

2.23 ESTIMATES ASSUMPTIONS AND JUDGEMENTS:

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

In the process of applying the Company's accounting policies, management has made the following judgements, which have the most significant effect on the amounts recognised in the financial statements:

a) Estimation of current tax expense and deferred tax:

The calculation of the Company's tax charge necessarily involves a degree of estimation and judgement in respect of certain items whose tax treatment cannot be finally determined until resolution has been reached with the relevant tax authority or, as appropriate, through a formal legal process. The final resolution of some of these items may give rise to material profits/losses and/or cash flows. Significant judgments are involved in determining the provision for income taxes, including amount expected to be paid/recovered for uncertain tax positions.

b) Recognition of deferred tax assets/ liabilities:

The recognition of deferred tax assets/ liabilities is based upon whether it is more likely than not that sufficient and suitable taxable profits will be available in the future against which the reversal of temporary differences can be deducted. To determine the future taxable profits, reference is made to the latest available profit forecasts.

c) Estimation of Provisions & Contingent Liabilities:

The Company exercises judgement in measuring and recognising provisions and the exposures to contingent liabilities which is related to pending litigation or other outstanding claims. Judgement is necessary in assessing the likelihood that a pending claim will succeed, or a liability will arise, and to quantify the possible range of the financial settlement. Because of the inherent uncertainty in this evaluation process, actual liability may be different from the originally estimated as provision

d) Estimated useful life of Property, Plant and Equipment:

Property, Plant and Equipment represent a significant proportion of the asset base of the Company. The charge in respect of periodic depreciation is derived after determining an estimate of an asset's expected useful life, its expected usage pattern and the expected residual value at the end of its life. The useful lives, usage pattern and residual values of Company's assets are determined by management at the time the asset is acquired and reviewed periodically, including at each financial year end. The lives are based on historical experience with similar assets as well as anticipation of future events, which may impact their life, such as changes in technology etc.

e) Estimation of Provision for Inventory:

The Company writes down inventories to net realisable value based on an estimate of the realisability of inventories. Write downs on inventories are recorded where events or changes in circumstances indicate that the balances may not be realised. The identification of write-downs requires the use of estimates of net selling prices of the down-graded inventories. Where the expectation is different from the original estimate, such difference will impact the carrying value of inventories and write-downs of inventories in the periods in which such estimate has been changed.

f) Estimation of Defined Benefit Obligation:

The present value of the defined benefit obligations depends on a number of factors that are determined on an actuarial basis using a number of assumptions. The assumptions used in determining the net cost (income) for post-employment plans include the discount rate. Any changes in these assumptions will impact the carrying amount of such obligations.

- g) The Company determines the appropriate discount rate at the end of each year. This is the interest rate that should be used to determine the present value of estimated future cash outflows expected to be required to settle the defined benefit obligations. In determining the appropriate discount rate, the Company considers the interest rates of government bonds of maturity approximating the terms of the related plan liability.**

h) Estimated fair value of Financial Instruments.

The fair value of financial instruments that are not traded in an active market is determined using valuation techniques. The Management uses its judgement to select a variety of methods and make assumptions that are mainly based on market conditions existing at the end of each reporting period.

Lyka Labs Limited

Notes to the Standalone Financial Statements for the Year Ended 31st March, 2024

Other Notes:

35 Estimated amounts of commitments remaining to be executed as on 31st March, 2024 are as follows: (₹ in lakh)

Particulars	As at 31st March, 2024	As at 31st March, 2023
Against Purchase of Capital Goods	901.95	257.74
Against Purchase of RM and PM	171.53	48.27
Total	1,073.48	306.01

36 Contingent Liabilities are not provided for In respect of following:

- (i) Demands were raised against the Company aggregating to ₹ 680.62 Lakhs (as at 31st March 2023 ₹ 680.62 Lakhs) plus interest thereon under the Drug Price Control Order 1979 by the Government of India and the same was contested by the Company. In the earlier years, the Company had received recovery notices for recovery of ₹ 2,094.41 Lakhs (as at 31st March 2023 ₹ 2,094.41 Lakhs) to be deposited into "Drug Price Equalisation Account".
The Company has challenged the said notices in the writ petitions before the Hon'ble High Court of Gujarat. The Hon'ble High Court has admitted the writ petitions subject to the Company depositing certain amounts against the said demands. Accordingly, the Company has deposited ₹ 1,032.45 Lakhs (as at 31st March 2023 ₹ 1,032.45 Lakhs).
The Company expects favourable outcome in the said writ petitions and hence, the amounts paid have been treated as advances which are considered by the Company as good and recoverable.
- (ii) (a) The Company has received an Order from the Gujarat Sales Tax Commissioner (Appeals) Baroda, dated 24th January, 2011 in respect of Company's appeal against the demand for Gujarat Sales Tax of ₹ 1,324.08 Lakhs for the financial year 2002-2003 for non-submission of proof of export. The Commissioner of Sales Tax (Appeals) based on the facts as submitted, has revised the demand to ₹ 85.44 Lakhs (as at 31st March 2023 ₹ 85.44 Lakhs) against which Company has made payment of ₹ 45.81 Lakhs (as at 31st March 2023 ₹ 45.81 Lakhs) under protest. The Company has further contested this demand before the Sales Tax Tribunal. The matter is sub-judice and the payments of ₹ 45.81 Lakhs (as at 31st March 2023 ₹ 45.81 Lakhs) are considered by the Company as good and recoverable.
- (b) There are disputed Sales Tax demands from state of Maharashtra in respect of prior years amounting to ₹ 412.41 Lakhs (as at 31st March 2022 ₹ 412.41 Lakhs) against which the Company has made payment of ₹ 20.78 Lakhs (as at 31st March 2023 ₹ 20.78 Lakhs) under protest. The Company has further contested these demands before the Sales Tax Commissioner / Tribunal. The matters are sub-judice and the payments of ₹ 20.78 Lakhs for the Maharashtra state demand (as at 31st March 2023 ₹ 20.78 Lakhs) are considered by the Company as good and recoverable.
- (iii) The Company has received orders from Income Tax Department raising demands aggregating to ₹ 313.90 Lakhs (as at 31st March 2023 ₹ 463.91 Lakhs) relating to prior years against which the Company has paid ₹ 15.44 Lakhs (as at 31st March 2023 ₹ 15.44 Lakhs). The matter is sub-judice and the payment of ₹ 15.44 Lakhs (as at 31st March 2023 ₹ 15.44 Lakhs) is considered by the Company as good and recoverable.
- (iv) Employees (Including Ex-Employees) Claims relating to ex-gratia and other benefits aggregating to ₹ 433.66 Lakhs (as at 31st March 2023 ₹ 433.66 Lakhs) as the matter is sub-judice.

(b) Fair value hierarchy

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows:

Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities.

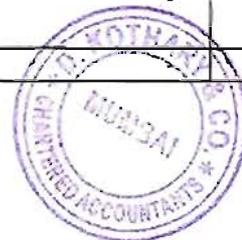

Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.

Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

The following table provides the fair value measurement hierarchy of the Company's financial assets and liabilities that are measured at fair value or where fair value disclosure is required:

(₹ in lakh)				
Particulars	As at 31st March, 2024			Total
	Fair Value Measurement Using			
	Quoted Price in active markets	Significant observable input	Significant unobservable inputs

Assets measured at fair value FVTPL financial investments Mutual Funds	-	0.84	-	0.84
Total	-	0.84	-	0.84

(c) Valuation technique to determine fair value

The following methods and assumptions were used to estimate the fair values of financial instruments :

- (i) The management assesses that fair value of cash and cash equivalents, trade receivables, trade payables, bank overdrafts and other current financial assets and liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.

The fair values of the equity investment which are quoted, are derived from quoted market prices in active markets. The Investments measured at fair value and falling under fair value hierarchy Level 3 are valued on the basis of valuation reports provided by external

- (ii) valuers with the exception of certain investments, where cost has been considered as an appropriate estimate of fair value because of a wide range of possible fair value measurements and cost represents the best estimate of fair values within that range. The carrying value of those investments are individually immaterial.

(d) Financial risk management objectives

The Company is exposed to market risk (including currency risk, interest rate risk and other price risk), credit risk and liquidity risk. The Company's risk management strategies focus on the un-predictability of these elements and seek to minimise the potential adverse effects on its financial performance. The Company's senior management which is supported by a Treasury Management Group ('TMG') manages these risks with a six monthly rolling basis due to which a natural hedge exist. TMG advises on financial risks and the appropriate financial risk governance framework for the Company and provides assurance to the Company's senior management that the Company's financial risk activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives.

All hedging activities are carried out by specialist teams that have the appropriate skills, experience and supervision. The Company's policy is not to trade in derivatives for speculative purposes.

Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market prices comprises of risks relating to interest rate risk and other price risks such as equity price risk and commodity price risk. Financial instruments affected by market risks mainly include borrowings, deposits and investments.

Foreign currency risk management

Foreign exchange risk arises on future commercial transactions and on all recognised monetary assets and liabilities, which are denominated in a currency other than the functional currency of the Company. The Company's management has set policy wherein exposure is identified, benchmark is set and monitored closely, and accordingly suitable hedges are undertaken. Policy also includes mandatory initial hedging requirements for exposure above a threshold

The Company's foreign currency exposure arises mainly from foreign exchange imports, exports and other income/expenses in foreign currency, primarily with respect to USD.

As at the end of the reporting period, the carrying amounts of the company's foreign currency denominated monetary assets and liabilities in respect of the primary foreign currency i.e. USD and derivative to hedge the exposure, are as follows:

Particulars of foreign currency exposure is as follows:

The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including deposits with banks and other financial instruments.

Trade Receivable

Customer credit risk is managed by SCM team subject to the company's established policy, procedures and control relating to customer credit risk management. Outstanding customer receivables are regularly monitored and followed up.

Financial instruments and cash deposits

Credit risk from balances with banks is managed by the Company's treasury department in accordance with the Company's policy.

Investments of surplus funds are made only with approved counterparties and within credit limits assigned to each counterparty. The limits are set to minimise the concentration of risks and therefore mitigate financial loss through counterparty's potential failure to make payments.

Liquidity risk

Liquidity risk is defined as the risk that the Company will not be able to settle or meet its obligations on time or at reasonable price. The Company's objective is to at all times maintain optimum levels of liquidity to meet its cash and liquidity requirements. The Company closely monitors its liquidity position and deploys a robust cash management system. It maintains adequate source of financing through the use of bank deposits and cash credit facilities. Processes and policies related to such risks are overseen by senior management. Management monitors the Company's liquidity position through rolling forecasts on the basis of expected cash flows. The Company assessed the concentration of risk with respect to its debt and concluded it to be low.

The table below summarises the maturity profile of the company's financial liabilities based on contractual undiscounted payments.

INDEPENDENT AUDITOR'S REPORT

To the Members of
Lyka Exports Limited

Report on the Financial Statements

Opinion

We have audited the accompanying financial statements of Lyka Exports Limited ("the Company"), which comprise the Balance Sheet as at 31st March, 2024, the Statement of Profit and Loss (including Other Comprehensive Income), the Cash Flow Statement, the Statement of Changes in Equity for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2024, and its profit, total comprehensive income, its cash flows and changes in equity for the year ended on that date.

Basis of Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. There are no key audit matters to be disclosed.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual report, but does not include the standalone Ind AS financial statements and our auditor's report thereon.

Our opinion on the standalone Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone Ind AS financial statements, our responsibility is to read the other information and, in doing so, consider whether such other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act read with the Companies (Indian Accounting Standard) Rules, 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going

D. KOTHARY & CO. Chartered Accountants

concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

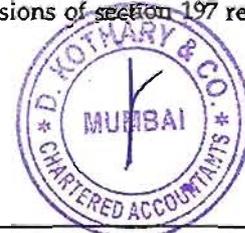

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

Annexure - B to the Auditors' Report

To the Members of
Lyka Exports Limited

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Lyka Exports Limited ("the Company") as of 31st March, 2024 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted

D. KOTHARY & CO. Chartered Accountants

accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

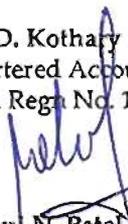

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2024, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Significant Accounting Policies for the year ended 31st March, 2024

1. CORPORATE INFORMATION

"Lyka Exports Limited" is unlisted entity incorporated and domiciled in India. The address of its registered office and principal place of business are disclosed in the introduction to the annual report.

Company is engaged in the business of pharmaceutical products.

2. THE MATERIAL ACCOUNTING POLICIES

A. BASIS OF PREPARATION AND PRESENTATION

The Ind-AS financial statements of the Company have been prepared in accordance with the relevant provisions of the Companies Act, 2013, the Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 read with the Companies (Indian Accounting Standards) Amendment Rules, 2017 and the Guidance Notes and other authoritative pronouncements issued by the Institute of Chartered Accountants of India (ICAI).

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 -- Quoted (unadjusted) market prices in active markets for identical assets or liabilities.
- Level 2 -- Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.
- Level 3 -- Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

LYKA EXPORTS LIMITED

Significant Accounting Policies for the year ended 31st March, 2024

Current and Non-Current Classification of Assets and Liabilities and Operating Cycle:

An asset is considered as current when it is:

- Expected to be realized or intended to be sold or consumed in normal operating cycle,
- Held primarily for the purpose of trading,
- Expected to be realized within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current. A liability is considered as current when:

- It is expected to be settled in normal operating cycle,
- It is held primarily for the purpose of trading,
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The Operating Cycle is the time between the acquisition of assets for business purpose and their realization into cash and cash equivalents.

B. SUMMARY OF MATERIAL ACCOUNTING POLICIES

a) Property, Plant and Equipment:

Property, Plant and Equipment are recorded at their cost of acquisition, less accumulated depreciation and impairment losses, if any. The cost thereof comprises of its purchase price, including import duties, if any, and other non-refundable taxes or levies and any directly attributable cost for bringing the asset to its working condition for its intended use.

An item of property, plant and equipment and any significant part initially recognized is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the Statement of Profit or Loss when the asset is derecognized.

For transition to Ind AS, the Company has elected to continue with the carrying value of all its Property, Plant and Equipment recognized as on 1st April 2017 measured as per previous GAAP as its deemed cost on the date of transition.

Depreciation on Property, Plant and Equipment is being provided on "Straight Line method" basis at the Useful lives/rates specified as per Schedule II of the Companies Act, 2013. Depreciation in respect of addition to the fixed assets is provided on Pro-rata basis from the date in which such assets are acquired/ installed/ put to use.

The residual value, useful lives and method of depreciation are reviewed at each financial year and adjusted prospectively, if appropriate.

Gains or losses arising out of de-recognition of Property, Plant and Equipment are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the Statement of Profit and Loss when the asset is derecognized.

b) Intangible Assets:

Intangible Assets are recorded at their cost of acquisition, less accumulated depreciation and impairment losses, if any. The cost thereof comprises of its purchase price, borrowing costs and directly attributable cost for bringing the asset to its working condition for its intended use.

An item of intangible asset initially recognized is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the intangible asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the Statement of Profit or Loss when the intangible asset is derecognized.

For transition to Ind AS, the Company has elected to continue with the carrying value of all its Intangible Asset recognized as on 1st April 2017 measured as per previous GAAP as its deemed cost on the date of transition.

Depreciation on Intangible Asset is being provided on "Straight line Method" basis at the Useful lives/rates specified as per Schedule II of the Companies Act, 2013, considering estimated useful life of 10 years. Depreciation in respect of addition to the Intangible Assets is provided on Pro-rata basis from the date in which such assets are acquired or put to use.

The residual value, useful lives and method of depreciation are reviewed at each financial year and adjusted prospectively, if appropriate.

Gains or losses arising out of de-recognition of Intangible Asset is measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the Statement of Profit and Loss when the asset is derecognized.

c) Inventories:

The Company has complied with Ind AS on Valuation of Inventories issued by the Institute of Chartered Accountants of India, to the extent practicable keeping in mind the peculiar nature of the industry.

Inventories are valued at lower of cost, determined based on weighted average, or net realizable value and valued by using FIFO method of valuation. In the opinion of the management of the Company, this does not have any material impact on the operating results of the Company.

d) Impairment of non-financial asset- property, plant and equipment and intangible assets

The company assesses at each reporting date as to whether there is any indication that any property, plant and equipment and intangible assets or group of assets, called as cash generating units (CGU) may be impaired. If any such indication exists, the recoverable amount of an asset or CGU is estimated to determine the extent of impairment, if any. When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the CGU to which the asset belongs.

An impairment Loss is recognized in the Statement of Profit and Loss to the extent asset's carrying amount exceeds its recoverable amount. The recoverable amount is higher of an asset's fair value less cost of disposal and value in use. Value in use is based on the estimated future cash flows, discounted to their present value using pre-tax discount rate and risk specific to the assets.

The impairment loss recognized in prior accounting period is reversed if there has been a change in the estimate of recoverable amount.

e) Provisions

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

f) Employee Benefits:

Short Term Employee Benefits

The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognized as an expense during the period when the employees render the services.

Post-Employment Benefits

Defined Contribution Plans

A defined contribution plan is a post-employment benefit plan under which the Company pays specified contributions to a separate entity. The Company makes specified contributions towards Provident Fund and Pension Scheme. The Company's contribution is recognized as an expense in the Statement of Profit and Loss during the period in which the employee renders the related service.

Defined Benefit Plans

The Company pays gratuity as applicable under the Payment of Gratuity Act 1972. The gratuity liability amount is contributed to the approved gratuity fund with Life Insurance Corporation of India, exclusively for gratuity payment to the employees. The said contributions are charged to profit and loss account in the year in which they accrue. Contribution paid/ payable for the year/ period to Defined Contribution Retirement Benefit Plans is charged to Statement of Profit and Loss account. The gratuity fund has been approved by respective IT authorities.

Re-measurement of defined benefit plans in respect of post-employment are charged to the Other Comprehensive Income.

Liabilities towards Defined Benefit Schemes viz. Gratuity benefits and other long term benefit viz. compensated absences are determined based on Actuarial Valuation. Actuarial gains and losses are recognized immediately in the Balance Sheet with a corresponding effect in the Statement of Other Comprehensive Income. Past service cost is recognized immediately in the Statement of Profit or Loss.

LYKA EXPORTS LIMITED

Significant Accounting Policies for the year ended 31st March, 2024

g) Revenue Recognition:

Sales are net of discount and Sales Tax. Revenue is recognized on dispatch of goods, and significant risk, reward and ownership of products is transferred to customers.

h) Borrowing Costs:

Borrowing costs that are attributable to the acquisition or construction of qualifying assets are considered as a part of cost of such assets less interest earned on the temporary investment. A qualifying asset is one that necessarily takes substantial period of time to get ready for the intended use. All other borrowing costs are charged to Statement of Profit & Loss in the year in which they are incurred.

i) Taxes on Income:

Current Tax:

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Current income tax relating to items recognized directly in equity is recognized in Other Comprehensive Income / Equity and not in the Statement of Profit and Loss. Management periodically evaluates position taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred Taxes:

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognized outside profit or loss is recognized outside profit or loss. Deferred tax items are recognized in correlation to the underlying transaction either in OCI or directly in equity.

The carrying amount of deferred tax asset and liabilities are reviewed at each reporting date.

j) Financial Instruments:

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

i) Financial Assets:

A) Initial Recognition and Measurement:

All financial assets and liabilities are recognized initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset.

B) Subsequent Measurement:

For purposes of subsequent measurement, financial assets are classified in following categories:

(i) Financial Assets at Amortized Cost (AC):

A financial asset is measured at the amortized cost if the asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and, the contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

(ii) Financial Assets at Fair Value through Other Comprehensive Income (FVTOCI):

A financial asset is measured at FVTOCI if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

(iii) Financial Assets at Fair Value through Statement of Profit and Loss. (FVTPL):

Even if an instrument meets the two requirements to be measured at amortized cost or fair value through other comprehensive income, a financial asset is measured at fair value through profit or loss if doing so eliminates or significantly reduces a measurement or recognition inconsistency (sometimes referred to as an "accounting mismatch") that would otherwise arise from measuring assets or liabilities or recognizing the gains and losses on them on different bases.

All other financial assets are measured at fair value through profit or loss.

C) De-recognition:

A financial asset (or, where applicable, a part of a financial asset or group of similar financial assets) is primarily derecognized (i.e. removed from the Company's statement of financial position) when:

- (i) The rights to receive cash flows from the asset have expired, or
- (ii) The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either:
 - (a) the Company has transferred substantially all the risks and rewards of the asset, or
 - (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset but has transferred control of the asset.

D) Impairment of Financial Assets:

The Company applies the expected credit loss (ECL) model for measurement and recognition of impairment loss of Financial assets at amortized cost.

ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original EIR. The ECL impairment loss allowance (or reversal) recognized during the period in the statement of profit and loss and the cumulative loss is reduced from the carrying amount of the asset until it meets the write off criteria, which is generally when no cash flows are expected to be realized from the asset.

Expected credit losses are measured through a loss allowance at an amount equal to:

The 12-months expected credit losses (expected credit losses that result from those default events on the financial instrument that are possible within 12 months after the reporting date) or Full lifetime expected credit losses (expected credit losses that result from all possible default events over the life of the financial instrument).

For trade receivables Company applies 'simplified approach' which requires expected lifetime losses to be recognized from initial recognition of the receivables. The Company uses historical default rates to determine impairment loss on the portfolio of trade receivables. At every reporting date these historical default rates are reviewed and changes in the forward looking estimates are analyzed.

For other assets, the Company uses 12-month ECL to provide for impairment loss where there is no significant increase in credit risk. If there is significant increase in credit risk full lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognizing impairment loss allowance based on 12-month ECL.

For assessing increase in credit risk and impairment loss, the Company combines financial instruments on the basis of shared credit risk characteristics with the objective of facilitating an analysis that is designed to enable significant increases in credit risk to be identified on a timely basis.

ii) **Financial Liabilities:**

A) **Initial Recognition and Measurement:**

All financial liabilities are recognized initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs. The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts, trade and other payables and financial guarantee contracts.

There is no significant impact on valuation of Financial Liabilities at fair value through comprehensive income and hence no profit or loss on such valuation is provided.

B) **Subsequent Measurement:**

This is dependent upon the classification thereof as under:

Financial Liabilities are carried at amortized cost using the effective interest method. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value date to the short maturity of these instruments.

There is no significant impact on valuation of Financial Liabilities at fair value through comprehensive income and hence no profit or loss on such valuation is provided.

iii) **Offsetting of Financial Instruments:**

Financial assets and financial liabilities are offset and the net amount is reported in the Balance Sheet if there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis, to realize an asset and settle the liabilities simultaneously.

LYKA EXPORTS LIMITED

Significant Accounting Policies for the year ended 31st March, 2024**iv) De-recognition of financial instruments**

The Company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for derecognition under Ind AS 109. A financial liability (or a part of a financial liability) is derecognized from the Company's Balance Sheet when the obligation specified in the contract is discharged or cancelled or expires.

1c) Contingent Liabilities:

A Contingent Liability is a possible obligation that arises from past events and the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of enterprise or a present obligation that arises from past events that may, but probably will not, require an outflow of resources.

Contingent Liabilities are not recognized but are disclosed in the notes.
